This Supplemental Financial Information should be read in connection with the Company's third quarter 2018 earnings announcement (included as Exhibit 99.1 of the Company's Current Report on 8 -K, event date October 31, 2018) as certain disclosures, definitions and reconciliations in such announcement have not been included in this Supplemental Financial Information.

## The Macerich Company Supplemental Financial and Operating Information Overview

The Macerich Company (the "Company") is involved in the acquisition, ownership, development, redevelopment, management and leasing of regional and community/power shopping centers located throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, The Macerich Partnership, L.P., a Delaware limited partnership (the "Operating Partnership").

As of September 30, 2018, the Operating Partnership owned or had an ownership interest in 48 regional shopping centers and five community/power shopping centers aggregating approximately 52 million square feet of gross leasable area ("GLA"). These 53 centers (which include any related office space) are referred to hereinafter as the "Centers", unless the context requires otherwise.

The Company is a self-administered and self-managed real estate investment trust ("REIT") and conducts all of its operations through the Operating Partnership and the Company's management companies (collectively, the "Management Companies").

All references to the Company in this Exhibit include the Company, those entities owned or controlled by the Company and predecessors of the Company, unless the context indicates otherwise.

Upon adoption of ASC Topic 606, Revenue from Contracts with Customers ("ASC 606"), on January 1, 2018, the Company changed its accounting for its investment in the Chandler Fashion Center and Freehold Raceway Mall ("Chandler Freehold") joint venture from a co-venture arrangement to a financing arrangement. Accordingly, the Company replaced its $\$ 31.1$ million co-venture asset with a $\$ 393.7$ million financing arrangement liability on its consolidated balance sheets and recorded a charge of $\$ 424.8$ million to equity as a cumulative effect adjustment. Under ASC 606, any subsequent changes in fair value of the financing arrangement liability are recognized as financing expense in the Company's consolidated statements of operations. During the three and nine months ended September 30, 2018, the Company has included in interest expense ( $\$ 1.0$ ) million and $\$ 2.1$ million, respectively in connection with the financing arrangement that consists of i) a credit of $\$ 4.9$ million and $\$ 9.3$ million to adjust for the reduction of fair value of the financing arrangement obligation during the three and nine months ended September 30, 2018, respectively, ii) distributions of $\$ 2.1$ million and $\$ 6.6$ million to its partner representing the partner's share of net income for the three and nine months ended September 30, 2018, respectively, and iii) distributions of $\$ 1.8$ million and $\$ 4.8$ million to its partner in excess of the partner's share of net income for the three and nine months ended September 30, 2018, respectively.

The Company presents certain measures in this Exhibit on a pro rata basis which represents (i) the measure on a consolidated basis, minus the Company's partners' share of the measure from its consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of the measure from its unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that these measures provide useful information to investors regarding its financial condition and/or results of operations because they include the Company's share of the applicable amount from unconsolidated joint ventures and exclude the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and the Company believes that presenting various measures in this manner can help investors better understand the Company's financial condition and/or results of operations after taking into account its economic interest in these joint ventures. Management also uses these measures to evaluate regional property level performance and to make decisions about resource allocations. The Company's economic interest (as distinct from its legal ownership interest) in certain of its joint ventures could fluctuate from time to time and may not wholly align with its legal ownership interests because of provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses, payments of preferred returns and control over major decisions. Additionally, the Company does not control its unconsolidated joint ventures and the
presentation of certain items, such as assets, liabilities, revenues and expenses, from these unconsolidated joint ventures does not represent the Company's legal claim to such items.

This document contains information constituting forward-looking statements and includes expectations regarding the Company's future operational results as well as development, redevelopment and expansion activities. Stockholders are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to vary materially from those anticipated, expected or projected. Such factors include, among others, general industry, economic and business conditions, which will, among other things, affect demand for retail space or retail goods, availability and creditworthiness of current and prospective tenants, anchor or tenant bankruptcies, closures, mergers or consolidations, lease rates, terms and payments, interest rate fluctuations, availability, terms and cost of financing, operating expenses, and competition; adverse changes in the real estate markets, including the liquidity of real estate investments; and risks of real estate development, redevelopment, and expansion, including availability, terms and cost of financing, construction delays, environmental and safety requirements, budget overruns, sunk costs and lease-up; the inability to obtain, or delays in obtaining, all necessary zoning, land-use, building, and occupancy and other required governmental permits and authorizations; and governmental actions and initiatives (including legislative and regulatory changes) as well as terrorist activities or other acts of violence which could adversely affect all of the above factors. Furthermore, occupancy rates and rents at a newly completed property may not be sufficient to make the property profitable. The reader is directed to the Company's various filings with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the year ended December 31, 2017, for a discussion of such risks and uncertainties, which discussion is incorporated herein by reference. The Company does not intend, and undertakes no obligation, to update any forward-looking information to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events unless required by law to do so.

## The Macerich Company Joint Venture List as of September 30, 2018

to a capital account greater than its legal ownership percentage, only the legal ownership percentage is shown in this column. The Company's economic ownership of these properties may fluctuate based on a number of factors, including mortgage refinancings, partnership capital contributions and distributions, and proceeds and gains or losses from asset sales, and the matters set forth in the preceding paragraph.
(c) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores as of September 30, 2018.
(d) These centers have a Sears store which is owned by MS Portfolio LLC, see footnote (g) below. The GLA of the Sears store at the seven centers indicated with footnote (d) in the table above is included in Total GLA at the center level. The GLA for the Sears store at these seven centers plus the GLA of the Sears store at two wholly owned centers, Danbury Fair Mall and Vintage Faire Mall, are also aggregated into the 1,550,000 square feet in the MS Portfolio LLC above.
(e) In October 2018, the Company's joint venture partner in Broadway Plaza sold its 50\% interest to a third party investor. Thereafter, the joint venture restated its governing documents and changed its name to Macerich HHF Broadway Plaza LLC.
(f) The joint venture entity was formed in September 2009. Upon liquidation of the partnership, distributions are made in the following order: to the third-party partner until it receives a $13 \%$ internal rate of return on and of its aggregate unreturned capital contributions; to the Company until it receives a $13 \%$ internal rate of return on and of its aggregate unreturned capital contributions; and, thereafter, pro rata $35 \%$ to the third-party partner and $65 \%$ to the Company.
(g) On April 30, 2015 Sears Holdings Corporation ("Sears") and the Company announced that they had formed a joint venture, MS Portfolio LLC. Sears contributed nine stores (located at Arrowhead Towne Center, Chandler Fashion Center, Danbury Fair Mall, Deptford Mall, Freehold Raceway Mall, Los Cerritos Center, South Plains Mall, Vintage Faire Mall and Washington Square) to the joint venture and the Company contributed $\$ 150$ million in cash to the joint venture. The lease arrangements between Sears and the joint venture provide the ability to create additional value through recapturing certain space leased to Sears in these properties and re-leasing that space to third-party tenants. For example, Primark has leased space in portions of the Sears stores at Danbury Fair Mall and Freehold Raceway Mall. On July 7, 2015, Sears assigned its ownership interest in MS Portfolio LLC to Seritage MS Holdings LLC.
(h) The Company contributed the existing buildings and land valued at $\$ 190.0$ million to the joint venture on August 31, 2018.

## The Macerich Company Supplemental Financial and Operating Information (Unaudited) Outstanding Debt by Maturity Date

(a) The debt balances include the unamortized debt premiums/discounts and loan finance costs. Debt premiums/discounts represent the excess of the fair value of debt over the principal value of debt assumed in various acquisitions. Debt premiums/discounts and loan finance costs are amortized into interest expense over the remaining term of the related debt in a manner that approximates the effective interest method. The annual interest rate in the table represents the effective interest rate, including the debt premiums/discounts and loan finance costs.
(b) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of $84.9 \%$.
(c) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of $50.1 \%$.
(d) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of $50.0 \%$.
(e) The revolving line of credit includes an interest rate swap that effectively converts $\$ 400$ million of the outstanding balance to fixed rate debt through September 30, 2021.
(f) The maturity date assumes that all available extension options are fully exercised and that the Company and/or its affiliates do not opt to refinance the debt prior to these dates.
(g) The joint venture has a commitment to replace the existing loan on the property with a new five-year loan up to $\$ 11.5$ million that bears interest at LIBOR plus $1.85 \%$.

[^0]:    (a) This column reflects the Company's legal ownership in the listed properties as of September 30, 2018. Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company's joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.
    (b) Economic ownership represents the allocation of cash flow to the Company as of September 30, 2018, except as noted below. In cases where the Company receives a current cash distribution greater than its legal ownership percentage due

[^1]:    (a) The Company's pro rata share of debt represents (i) consolidated debt, minus the Company's partners' share of the amount from consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of debt from unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that this measure provides useful information to investors regarding the Company's financial condition because it includes the Company's share of debt from unconsolidated joint ventures and, for consolidated debt, excludes the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and presenting its pro rata share of debt in this manner can help investors better understand the Company's financial condition after taking into account the Company's economic interest in these joint ventures. The Company's pro rata share of debt should not be considered as a substitute to the Company's total debt determined in accordance with GAAP or any other GAAP financial measures and should only be considered together with and as a supplement to the Company's financial information prepared in accordance with GAAP.
