Report of Independent Registered Public Accounting Firm

To the Audit Committee of Macerich Property Management Company, and the Plan Administrator, and Plan participants of the Macerich Property Management Company 401(k) Profit Sharing Plan:

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Macerich Property Management Company 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for year ended December 31, 2020, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the year ended December 31, 2020, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also include evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Information

The Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its forms and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

THE MACERICH PROPERTY MANAGEMENT COMPANY
401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1: DESCRIPTION OF THE PLAN

The following description of The Macerich Property Management Company 401(k) Profit-Sharing Plan (the “Plan”) provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution pension plan covering eligible employees of The Macerich Property Management Company LLC and participating affiliates (the “Company,” the “Employer” and the “Plan Administrator”) as defined in the Plan document. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the qualification provisions of the Internal Revenue Code (the “Code”).

On November 14, 2019, the Plan was amended, effective as of January 1, 2020, to provide for partial loan repayments as well as to update hardship withdrawal provisions.

Effective January 1, 2020, the Plan was restated to incorporate all prior amendments.

On July 20, 2020, the Plan was amended, effective as of March 27, 2020, to implement certain changes provided for under the CARES Act including allowing certain eligible individuals to a) receive coronavirus-related distributions; b) temporarily take out notes of a maximum of \$100,000; c) delay certain participant note repayments for up to one year; and d) temporarily suspend required minimum distributions.

On July 20, 2020, the Plan was amended effective as of May 1, 2020, to allow for loan refinancing.

Administration

The Company is the Plan Administrator (as defined in ERISA). The Company has designated an Administrative Committee (the “Committee” and the “Trustees”). Among other duties, it is the responsibility of the Committee to select and monitor the performance of investments, the Plan custodian, the Plan third-party record keeper, and other service providers to the Plan; and to maintain certain administrative records. The Committee has engaged a third party, MassMutual Retirement Services (“MassMutual”), to provide recordkeeping and administrative services. On January 4, 2021, MassMutual was acquired by Empower Retirement (“Empower”). The Committee has entered into a Retirement Plan Consulting Services Agreement with UBS Retirement Plan Consulting Services Program to provide investment advisory services to the Plan. The Committee has engaged Mesirow to provide investment management services in connection with the asset allocation models in the Plan.

Employee Participation and Eligibility

All full-time and part-time employees of the Company may enter the Plan immediately following his or her satisfaction of the eligibility requirements. Temporary employees are eligible once the employee completes twelve consecutive months of employment during which the employee provides at least 1,000 hours of service, and is not covered by a collective bargaining agreement as to which retirement benefits are the subject of good faith bargaining. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Contributions

Each year, participants may defer pre-tax or after-tax Roth contributions up to 50 percent of their compensation, as defined in the Plan and subject to certain limitations set forth in the Code. The Company provides matching contributions, under the "Safe Harbor" provisions under Sections 401(k)(12) and 401(m)(11) of the Code. In accordance with these provisions, the Company makes matching contributions equal to 100 percent of the first three percent of compensation deferred by a participant and 50 percent of the next two percent of compensation deferred by a participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollovers). Participants direct the investment of their contributions and company matching contributions into various investment options offered by the Plan, as further discussed in Note 3.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's Safe Harbor matching contribution, and Plan earnings; and charged with any withdrawals or distributions requested by the participant, investment losses, and an allocation of administrative expenses that are paid by the Plan, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Provisions

Participant accounts, including salary deferrals and Safe Harbor matching contributions, are 100 percent vested at all times.

Notes Receivable From Participants

Active participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balances, whichever is less. The notes are secured by the balance in the participant's vested account and bear interest at the prime rate plus one at issuance, as defined by the Plan document. Notes issued during 2020 bear interest at rates ranging from 4.25% to 5.75%. All notes issued during 2019 bear interest at rates ranging from 5.75% to 6.50%. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years. A participant applying for a note through the Plan will be charged a \$125 processing fee. The processing fee is nonrefundable and will be used to offset the administrative expenses associated with the note. The fee will be deducted from the participant's Plan account at the time his or her note request is processed.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Upon reaching 59 ½ years of age, a participant shall be entitled to make in-service withdrawals of the participant's account in the form of a lump-sum payment.

The Plan also permits hardship withdrawals which meet a hardship purpose of immediate and heavy financial need as provided in the Plan document. Hardship withdrawals may be subject to certain income tax penalties.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the guaranteed interest contract, which is valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, consultants and insurance company. The investments and changes therein of the trust funds have been reported to the Plan by the Custodian using fair value and contract value, as indicated. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Administrative expenses that are not paid by the Plan are paid by the Company and excluded from these financial statements. Administrative expenses paid by the Plan for the year ended December 31, 2020 were \$339,379. This consisted of \$8,196 of direct participant expenses and \$331,183 paid to MassMutual to cover the Plan's recordkeeping, investment advisor, and investment manager expenses.

401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INVESTMENTS

The Plan allows participants to allocate their accounts among several investment options. These options include numerous registered investment companies, a guaranteed interest contract and the Macerich Company Common Stock Fund. Participants may change their investment elections daily for both existing account balances and future contributions.

The Macerich Company Common Stock Fund allows participants the ability to participate in the ownership of their employer's common stock. Participants are not allowed to allocate more than 25 percent of a participant's account balance and/or deferrals to this investment. For liquidity purposes, a portion of this fund may be invested in a money market account classified as a registered investment company. Total funds invested in the common stock were \$1,440,130 and \$1,949,896 at December 31, 2020 and 2019, respectively. Total funds invested in money market accounts were \$50,111 and \$96,024 at December 31, 2020 and 2019, respectively.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">◦ quoted prices for similar assets or liabilities in active markets;◦ quoted prices for identical or similar assets or liabilities in inactive markets;◦ inputs other than quoted prices that are observable for the asset or liability; and◦ inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The registered investment companies are valued at the net asset value ("NAV") of shares held by the Plan at year-end, based upon quoted market prices. The Macerich Company Common Stock Fund is valued at the NAV at year-end, based upon (1) the quoted market price of the Company common stock shares held at year-end, and, (2) the NAV of the quoted market price of the money market fund shares held at year-end, which together comprise the Macerich Company Common Stock Fund.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Total Assets	<u>\$ 154,461,553</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 154,461,553</u>

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

In September 2015, the Plan entered into a benefit-responsive investment contract with MassMutual Core Bond Separate Investment Account (the "SAGIC"). The SAGIC, a traditional guaranteed investment contract, maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the SAGIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest contract issuer is contractually obligated to repay the principal and interest earned at a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive, and as such contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract was \$16,176,274 and \$10,405,062 at December 31, 2020 and 2019, respectively. The average crediting interest rate is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value of the investment. The separate account guaranteed interest contract does not allow the crediting interest rate below zero percent.

Average Yields	2020	2019
Based on actual earnings	3.18 %	3.4 %
Based on interest rate credited to participants	3.18 %	3.4 %

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The guaranteed interest contract does not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the investment agreement. The guaranteed interest contract does not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the investment agreement. The Plan administrator does not believe that any events have occurred which would limit the Plan's ability to transact at contract.

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock through the Macerich Company Common Stock Fund. These are related-party and party-in-interest transactions. The Plan held common stock shares valued at \$1,440,130 and \$1,949,896 at December 31, 2020 and 2019, respectively.

The Macerich Company Common Stock Activity

	2020	2019
Shares purchased	81,855	23,845
Shares received as dividend	4,934	—
Shares sold	24,252	2,861
Shares held as of December 31	134,970	72,433

Notes receivable from participants also qualify as party-in-interest transactions.

As described in Note 1, the Plan has a number of services providers. Such parties are parties-in-interest under ERISA. Certain Plan investments are managed by MassMutual. MassMutual is the record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. MassMutual provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and MassMutual.

All transactions are exempt from the prohibited transaction rules under ERISA.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated February 10, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the 2016 determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10: RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11: COVID-19

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic. The COVID-19 pandemic has resulted in economic uncertainty and extreme volatility in financial markets, and may continue to affect the value of Plan assets. The duration and ultimate impact of COVID-19 is uncertain and difficult to assess or predict.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The Plan was amended effective March 27, 2020, to implement certain changes provided for under the CARES Act including allowing certain eligible individuals to a) receive coronavirus-related distributions; b) temporarily take out notes of a maximum of \$100,000; c) delay certain participant note repayments for up to one year; and d) temporarily suspend required minimum distributions.

NOTE 12: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 11, 2021, the date the financial statements were available to be issued, and have determined that no additional disclosures are required.
