MACERICH ANNOUNCES QUARTERLY RESULTS

SANTA MONICA, CA, October 31, 2018– The Macerich Company (NYSE Symbol: MAC) today announced results of operations for the quarter ended September 30, 2018, which included net income attributable to the Company of \$74.0 million or \$.52 per share-diluted for the quarter ended September 30, 2018 compared to net income attributable to the Company for the quarter ended September 30, 2017 of \$17.5 million or \$.12 per sharediluted. For the third quarter 2018, funds from operations ("FFO") diluted was \$149.6 million or \$.99 per share-diluted compared to \$145.0 million or \$.96 per share-diluted for the quarter ended September 30, 2017. A description and reconciliation of EPS per share-diluted to FFO per share-diluted is included in the financial tables accompanying this press release.

Results and Highlights

- Mall tenant annual sales per square foot for the portfolio increased by 7.3% to \$707 for the year ended September 30, 2018 compared to \$659 for the year ended September 30, 2017.
- The re-leasing spreads for the year ended September 30, 2018 were up 10.8%.
- Mall portfolio occupancy was 95.1% at September 30, 2018 compared to 94.3% at September 30, 2017.
- Average rent per square foot increased to \$59.09, up 3.9% from \$56.88 at September 30, 2017.
- Same center net operating income grew by 3.7% compared to the quarter ended September 30, 2017.
- The Company announced a 50/50 joint venture to create the Los Angeles Premium Outlets, a state-of-the-art outlet center.

"It was a good quarter with significant occupancy gains, strong tenant sales increases and improving same center earnings growth" said the Company's chief financial officer, Thomas O'Hern. "The leasing environment continues to improve with good leasing volume driven by increasing retailer demand for great real estate locations from both legacy retailers as well as entertainment uses, restaurants, digitally native brands and emerging brands."

Redevelopment:

The \$100 million redevelopment at Kings Plaza in Brooklyn, New York opened during the third quarter. A redevelopment of the former Sears box, the project was designed to significantly improve the merchandise mix and shopper experience, and transform the presence of Kings Plaza from Flatbush Avenue. Primark and Burlington opened in July, followed by JCPenney and Zara in August. Combined, these retailers are expected to do over \$110 million in annual sales.

Scottsdale Fashion Square currently is undergoing a multi-dimensional redevelopment. Along with adding Arizona's first Saint Laurent as well as new locations for Louis Vuitton, St. John, Gucci, and Bottega Veneta, the luxury upgrades also include the creation of an all-new entrance near Neiman Marcus. Apple opened a flagship store within the former Barney's location along Scottsdale Road and Industrious, a leading co-working concept, will take the balance of that space. In addition, there will be new restaurants including Nobu and Ocean 44 and a high end fitness center in a 80,000 square foot expansion that will elevate and enhance the shopper experience at

this already iconic shopping destination. The project will be completed in 2019. Project costs are expected to be in the range of \$140 to \$160 million (or \$70 to \$80 million at the Company's pro rata share).

Redevelopment continues on Fashion District Philadelphia, a four-level retail hub spanning over 800,000 square feet across three city blocks in the heart of downtown Philadelphia. Estimated project costs are expected to be in the range of \$400 - \$420 million (or \$200 to \$210 million at the Company's pro rata share). We have signed leases or are in active lease negotiations with tenants for over 85% of the leasable area. Noteworthy commitments include Century 21, Burlington, H&M, Polo Ralph Lauren, Forever 21, Columbia Sportswear, AMC Theaters, City Winery and Ulta. The grand opening is planned for September 2019.

In September, 2018, the company announced a 50/50 joint venture with Simon (NYSE:SPG), to create Los Angeles Premium Outlets, a state-of-the-art Premium Outlet center. Macerich and Simon will co-develop and jointly lease LA's newest outlet, designed to open with 400,000 square feet, followed by an additional 166,000 square feet in its second phase. Site work to be performed by the Carson Reclamation Authority for the uniquely situated, elevated, shopping destination with parking below has begun, with an opening of the first phase of the Center planned for fall 2021

2018 Earnings Guidance:

The Company is narrowing the range of its previously issued earnings guidance to reflect its current expectation of results for the remainder of 2018. A reconciliation of estimated EPS to FFO per share-diluted follows:

	2018 range
Diluted EPS	\$.64 - \$.69
Plus: real estate depreciation and amortization	3.08 - 3.08
Less: financing expense due to accounting rule change ASC606	.0303
FFO per share-diluted	3.69 - 3.74
Plus: costs related to shareholder activism	.1313
FFO per share-diluted excluding costs related to shareholder activism	\$3.82 - \$3.87

The change results primarily from the reduction in the same center net operating income growth assumption for the year to a range of 1.2% to 1.7%, which assumes a fourth quarter range of 3.0-3.5%. More details of the guidance assumptions are included in the Company's Form 8-K supplemental financial information.

- (a) On January 1, 2018, in accordance with the adoption of ASC Topic 606, Revenue from Contracts with Customers ("ASC 606"), the Company changed its accounting for its investment in the Chandler Fashion Center and Freehold Raceway Mall ("Chandler Freehold") joint venture from a co-venture arrangement to a financing arrangement. As a result, the Company has included in interest expense (i) a credit of \$4,893 and \$9,279 to adjust for the reduction of the fair value of the financing arrangement obligation during the three and nine months ended September 30, 2018, respectively, (ii) distributions of \$2,111 and \$6,577 to its partner representing the partner's share of net income for the three and nine months ended September 30, 2018, respectively, and (iii) distributions of \$1,754 and \$4,803 to its partner in excess of the partner's share of net income for the three and nine months ended September 30, 2018, respectively.
- (b) The Macerich Partnership, L.P. (the "Operating Partnership" or the "OP") has operating partnership units ("OP units"). OP units can be converted into shares of Company common stock. Conversion of the OP units not owned by the Company has been assumed for purposes of calculating FFO per share and the weighted average number of shares outstanding. The computation of average shares for FFO—diluted includes the effect of share and unit-based compensation plans, stock warrants and convertible senior notes using the treasury stock method. It also assumes conversion of MACWH, LP preferred and common units to the extent they are dilutive to the calculation.
- (c) The Company uses FFO in addition to net income to report its operating and financial results and considers FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to Generally Accepted Accounting Principles ("GAAP") measures. The National Association of Real Estate Investment Trusts ("Nareit") defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from extraordinary items and sales of depreciated operating properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. As a result of changes in accounting standards effective January 1, 2018 (ASC 606), the Company began treating its joint venture in Chandler Freehold as a financing arrangement for accounting purposes. In connection with this treatment, the Company recognizes financing expense on (i) the changes in fair value of the financing arrangement, (ii) any payments to such joint venture partner equal to their pro rata share of net income and (iii) any payments to such joint venture partner less than or in excess of their pro rata share of net income. The Company excludes from its definition of FFO the noted expenses related to the changes in fair value and for the payments to such joint venture partner less than or in excess of their pro rata share of net income. Although the Nareit definition of FFO predates this guidance for accounting for financing arrangements, the Company believes that excluding the noted expenses resulting from the financing arrangement is consistent with the key objective of FFO as a performance measure and it allows the Company's current FFO to be comparable with the Company's FFO from prior quarters. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis. The Company also presents FFO excluding costs related to shareholder activism.

FFO and FFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as the Company believes real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. The Company believes that such a presentation also provides investors with a more meaningful measure of its operating results in comparison to the operating results of other real estate investment trusts ("REITs"). In addition, the Company believes that FFO excluding non-routine costs related to shareholder activism provides useful supplemental information regarding the Company's performance as it shows a more meaningful and consistent comparison of the Company's operating performance and allows investors to more easily compare the Company's results. The Company believes that FFO on a diluted basis is a measure investors find most useful in measuring the dilutive impact of outstanding convertible securities.

The Company further believes that FFO does not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income (loss) as defined by GAAP, and is not indicative of cash available to fund all cash flow needs. The Company also cautions that FFO as presented, may not be comparable to similarly titled measures reported by other REITs.

- (d) Adjusted EBITDA represents earnings before interest, income taxes, depreciation, amortization, noncontrolling interests in the OP, extraordinary items, loss (gain) on remeasurement, sale or write down of assets, loss (gain) on extinguishment of debt and preferred dividends and includes joint ventures at their pro rata share. Management considers Adjusted EBITDA to be an appropriate supplemental measure to net income because it helps investors understand the ability of the Company to incur and service debt and make capital expenditures. The Company believes that Adjusted EBITDA should not be construed as an alternative to operating income as an indicator of the Company's operating performance, or to cash flows from operating activities (as determined in accordance with GAAP) or as a measure of liquidity. The Company also cautions that Adjusted EBITDA, as presented, may not be comparable to similarly titled measurements reported by other companies.
- (e) The Company presents Same Center NOI because the Company believes it is useful for investors to evaluate the operating performance of comparable centers. Same Center NOI is calculated using total Adjusted EBITDA and eliminating the impact of the management companies' revenues and operating expenses, the Company's general and administrative expenses and the straight-line and above/below market adjustments to minimum rents and subtracting out NOI from non-Same Centers.

This Supplemental Financial Information should be read in connection with the Company's third quarter 2018 earnings announcement (included as Exhibit 99.1 of the Company's Current Report on 8-K, event date October 31, 2018) as certain disclosures, definitions and reconciliations in such announcement have not been included in this Supplemental Financial Information.

The Macerich Company Supplemental Financial and Operating Information Overview

The Macerich Company (the "Company") is involved in the acquisition, ownership, development, redevelopment, management and leasing of regional and community/power shopping centers located throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, The Macerich Partnership, L.P., a Delaware limited partnership (the "Operating Partnership").

As of September 30, 2018, the Operating Partnership owned or had an ownership interest in 48 regional shopping centers and five community/power shopping centers aggregating approximately 52 million square feet of gross leasable area ("GLA"). These 53 centers (which include any related office space) are referred to hereinafter as the "Centers", unless the context requires otherwise.

The Company is a self-administered and self-managed real estate investment trust ("REIT") and conducts all of its operations through the Operating Partnership and the Company's management companies (collectively, the "Management Companies").

All references to the Company in this Exhibit include the Company, those entities owned or controlled by the Company and predecessors of the Company, unless the context indicates otherwise.

Upon adoption of ASC Topic 606, Revenue from Contracts with Customers ("ASC 606"), on January 1, 2018, the Company changed its accounting for its investment in the Chandler Fashion Center and Freehold Raceway Mall ("Chandler Freehold") joint venture from a co-venture arrangement to a financing arrangement. Accordingly, the Company replaced its \$31.1 million co-venture asset with a \$393.7 million financing arrangement liability on its consolidated balance sheets and recorded a charge of \$424.8 million to equity as a cumulative effect adjustment. Under ASC 606, any subsequent changes in fair value of the financing arrangement liability are recognized as financing expense in the Company's consolidated statements of operations. During the three and nine months ended September 30, 2018, the Company has included in interest expense (\$1.0) million and \$2.1 million, respectively in connection with the financing arrangement that consists of i) a credit of \$4.9 million and \$9.3 million to adjust for the reduction of fair value of the financing arrangement obligation during the three and nine months ended September 30, 2018, respectively, and iii) distributions of \$2.1 million and \$6.6 million to its partner representing the partner's share of net income for the three and nine months ended September 30, 2018, respectively, and iii) distributions of \$1.8 million and \$4.8 million to its partner in excess of the partner's share of net income for the three and nine months ended September 30, 2018, respectively.

The Company presents certain measures in this Exhibit on a pro rata basis which represents (i) the measure on a consolidated basis, minus the Company's partners' share of the measure from its consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of the measure from its unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that these measures provide useful information to investors regarding its financial condition and/or results of operations because they include the Company's share of the applicable amount from unconsolidated joint ventures and exclude the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and the Company believes that presenting various measures in this manner can help investors better understand the Company's financial condition and/or results of operations after taking into account its economic interest in these joint ventures. Management also uses these measures to evaluate regional property level performance and to make decisions about resource allocations. The Company's economic interest (as distinct from its legal ownership interest) in certain of its joint ventures could fluctuate from time to time and may not wholly align with its legal ownership interests because of provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses, payments of preferred returns and control over major decisions. Additionally, the Company does not control its unconsolidated joint ventures and the

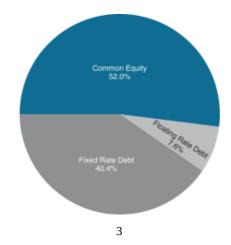

presentation of certain items, such as assets, liabilities, revenues and expenses, from these unconsolidated joint ventures does not represent the Company's legal claim to such items.

This document contains information constituting forward-looking statements and includes expectations regarding the Company's future operational results as well as development, redevelopment and expansion activities. Stockholders are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to vary materially from those anticipated, expected or projected. Such factors include, among others, general industry, economic and business conditions, which will, among other things, affect demand for retail space or retail goods, availability and creditworthiness of current and prospective tenants, anchor or tenant bankruptcies, closures, mergers or consolidations, lease rates, terms and payments, interest rate fluctuations, availability, terms and cost of financing, operating expenses, and competition; adverse changes in the real estate markets, including the liquidity of real estate investments; and risks of real estate development, redevelopment, and expansion, including availability, terms and cost of financing, construction delays, environmental and safety requirements, budget overruns, sunk costs and lease-up; the inability to obtain, or delays in obtaining, all necessary zoning, land-use, building, and occupancy and other required governmental permits and authorizations; and governmental actions and initiatives (including legislative and regulatory changes) as well as terrorist activities or other acts of violence which could adversely affect all of the above factors. Furthermore, occupancy rates and rents at a newly completed property may not be sufficient to make the property profitable. The reader is directed to the Company's various filings with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the year ended December 31, 2017, for a discussion of such risks and uncertainties, which discussion is incorporated herein by reference. The Company does not intend, and undertakes no obligation, to update any forward-looking information to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events unless required by law to do so.

The Macerich Company Notes to Sales Per Square Foot by Property Ranking (unaudited)

Footnotes

- (a) Sales are based on reports by retailers leasing mall and freestanding stores for the trailing 12 months for tenants that have occupied such stores for a minimum of 12 months. Sales per square foot are based on tenants 10,000 square feet and under. Properties are ranked by Sales per square foot as of September 30, 2018.
- (b) Occupancy is the percentage of mall and freestanding GLA leased as of the last day of the reporting period. Occupancy excludes Centers under development and redevelopment.
- (c) Cost of Occupancy represents "Tenant Occupancy Costs" divided by "Tenant Sales". Tenant Occupancy Costs in this calculation are the amounts paid to the Company, including minimum rents, percentage rents and recoverable expenditures, which consist primarily of property operating expenses, real estate taxes and repair and maintenance expenditures.
- (d) The percentage of Portfolio 2018 Forecast Pro Rata Real Estate NOI is based on the guidance range reaffirmed on October 31, 2018, see page 9. Real Estate NOI excludes straight-line and above/below market adjustments to minimum rents. Real Estate NOI also does not reflect REIT expenses and Management Company revenues and expenses. See the Company's forward-looking statements disclosure on pages 1 and 2 for factors that may affect the information provided in this column.
- (e) These assets are (or were previously) under redevelopment including demolition and reconfiguration of the Centers and tenant spaces, accordingly the Sales per square foot and Occupancy during the periods of redevelopment are not included.
- (f) On July 30, 2014, the Company formed a joint venture to redevelop and rebrand The Gallery in Philadelphia, Pennsylvania.
- (g) Properties sold prior to September 30, 2018 are excluded in both current and prior periods above.

(a) The Company's ownership interest in this table reflects its legal ownership interest. See footnotes (a) and (b) on pages 25 and 26 regarding the legal versus economic ownership of joint venture entities.

(b) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores as of September 30, 2018.

(c) Portions of the land on which the Center is situated are subject to one or more long-term ground leases. With respect to 42 Centers, the underlying land controlled by the Company is owned in fee entirely by the Company, or, in the case of jointly-owned Centers, by the joint venture property partnership or limited liability company.

- (d) Included in Unconsolidated Joint Venture Centers.
- (e) Included in Consolidated Centers.
- (f) The Company owns an office building and six stores located at shopping centers not owned by the Company. Of the six stores, one is leased to Kohl's, three are vacant, and two have been leased for non-Anchor uses. With respect to the office building and three of the six stores, the underlying land is owned in fee entirely by the Company. With respect to the remaining three stores, the underlying land is owned by third parties and leased to the Company pursuant to long-term building or ground leases.

(a) This column reflects the Company's legal ownership in the listed properties as of September 30, 2018. Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company's joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.

(b) Economic ownership represents the allocation of cash flow to the Company as of September 30, 2018, except as noted below. In cases where the Company receives a current cash distribution greater than its legal ownership percentage due

The Macerich Company Joint Venture List as of September 30, 2018

to a capital account greater than its legal ownership percentage, only the legal ownership percentage is shown in this column. The Company's economic ownership of these properties may fluctuate based on a number of factors, including mortgage refinancings, partnership capital contributions and distributions, and proceeds and gains or losses from asset sales, and the matters set forth in the preceding paragraph.

- (c) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores as of September 30, 2018.
- (d) These centers have a Sears store which is owned by MS Portfolio LLC, see footnote (g) below. The GLA of the Sears store at the seven centers indicated with footnote (d) in the table above is included in Total GLA at the center level. The GLA for the Sears store at these seven centers plus the GLA of the Sears store at two wholly owned centers, Danbury Fair Mall and Vintage Faire Mall, are also aggregated into the 1,550,000 square feet in the MS Portfolio LLC above.
- (e) In October 2018, the Company's joint venture partner in Broadway Plaza sold its 50% interest to a third party investor. Thereafter, the joint venture restated its governing documents and changed its name to Macerich HHF Broadway Plaza LLC.
- (f) The joint venture entity was formed in September 2009. Upon liquidation of the partnership, distributions are made in the following order: to the third-party partner until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; to the Company until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; and, thereafter, pro rata 35% to the third-party partner and 65% to the Company.
- (g) On April 30, 2015 Sears Holdings Corporation ("Sears") and the Company announced that they had formed a joint venture, MS Portfolio LLC. Sears contributed nine stores (located at Arrowhead Towne Center, Chandler Fashion Center, Danbury Fair Mall, Deptford Mall, Freehold Raceway Mall, Los Cerritos Center, South Plains Mall, Vintage Faire Mall and Washington Square) to the joint venture and the Company contributed \$150 million in cash to the joint venture. The lease arrangements between Sears and the joint venture provide the ability to create additional value through recapturing certain space leased to Sears in these properties and re-leasing that space to third-party tenants. For example, Primark has leased space in portions of the Sears stores at Danbury Fair Mall and Freehold Raceway Mall. On July 7, 2015, Sears assigned its ownership interest in MS Portfolio LLC to Seritage MS Holdings LLC.
- (h) The Company contributed the existing buildings and land valued at \$190.0 million to the joint venture on August 31, 2018.

(a) The Company's pro rata share of debt represents (i) consolidated debt, minus the Company's partners' share of the amount from consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of debt from unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that this measure provides useful information to investors regarding the Company's financial condition because it includes the Company's share of debt from unconsolidated joint ventures and, for consolidated debt, excludes the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and presenting its pro rata share of debt in this manner can help investors better understand the Company's financial condition after taking into account the Company's economic interest in these joint ventures. The Company's pro rata share of debt should not be considered as a substitute to the Company's total debt determined in accordance with GAAP or any other GAAP financial measures and should only be considered together with and as a supplement to the Company's financial information prepared in accordance with GAAP.

(a) The debt balances include the unamortized debt premiums/discounts and loan finance costs. Debt premiums/discounts represent the excess of the fair value of debt over the principal value of debt assumed in various acquisitions. Debt premiums/discounts and loan finance costs are amortized into interest expense over the remaining term of the related debt in a manner that approximates the effective interest method. The annual interest rate in the table represents the effective interest rate, including the debt premiums/discounts and loan finance costs.

(b) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 84.9%.

(c) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 50.1%.

(d) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 50.0%.

(e) The revolving line of credit includes an interest rate swap that effectively converts \$400 million of the outstanding balance to fixed rate debt through September 30, 2021.

(f) The maturity date assumes that all available extension options are fully exercised and that the Company and/or its affiliates do not opt to refinance the debt prior to these dates.

(g) The joint venture has a commitment to replace the existing loan on the property with a new five-year loan up to \$11.5 million that bears interest at LIBOR plus 1.85%.

(b)

Stabilized Yield is calculated based on stabilized income after development divided by project direct costs excluding GAAP allocations of non cash and indirect costs. This reflects incremental project costs and income subsequent to the Company's \$106.8 million investment in July 2014. Total Costs are net of \$25 million of approved public (c) (d) financing grants that will be a reduction of costs.

This section includes potential developments or redevelopments that the Company is considering. The scope of these projects may change. There is no certainty that the (e)

Company will develop or redevelop any or all of these potential projects. Includes the purchase price paid by the joint venture in August 2018 for the existing buildings and land totaling \$190 million (\$48 million at pro rata). Based on the Company's net book value of \$144 million prior to consummation of the joint venture, the Company's estimated return on cost is 7.3% to 7.8%. (f)
