The Macerich Company
Supplemental Financial and Operating Information
Overview

The Macerich Company (the “Company”) is involved in the acquisition, ownership, development, redevelopment, management and leasing of regional and community/power shopping centers located throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, The Macerich Partnership, L.P., a Delaware limited partnership (the “Operating Partnership”).

As of March 31, 2016, the Operating Partnership owned or had an ownership interest in 52 regional shopping centers and seven community/power shopping centers aggregating approximately 56 million square feet of gross leasable area (“GLA”).

The Company sold one regional shopping center, Capitola Mall, on April 13, 2016. Consequently, Capitola Mall has been excluded from all Non-GAAP operating data for the period ended March 31, 2016, including Sales per square foot, Occupancy, Average Base Rent per square foot and Cost of Occupancy as well as the Property Listing.

The Company is working with the loan servicer for Flagstaff Mall, which is expected to result in a transition of the asset to the loan servicer or a receiver. Consequently, Flagstaff Mall has been excluded from all Non-GAAP operating data for the periods ended March 31, 2016 and December 31, 2015, including Sales per square foot, Occupancy, Average Base Rent per square foot and Cost of Occupancy as well as the Property Listing.

Excluding both Capitola Mall and Flagstaff Mall, the Company currently owns 50 regional shopping centers and 7 community/power centers aggregating approximately 55 million square feet. These 57 centers (which include any related office space) are referred to hereinafter as the “Centers”, unless the context requires otherwise.

The Company is a self-administered and self-managed real estate investment trust (“REIT”) and conducts all of its operations through the Operating Partnership and the Company’s management companies (collectively, the “Management Companies”).

All references to the Company in this Exhibit include the Company, those entities owned or controlled by the Company and predecessors of the Company, unless the context indicates otherwise.

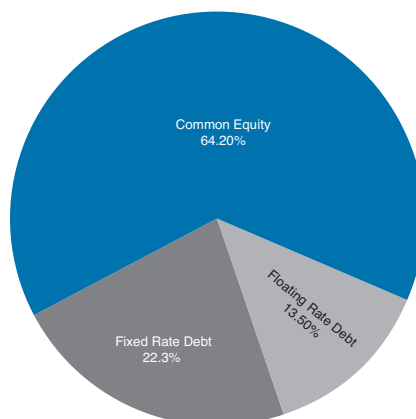

This document contains information constituting forward-looking statements and includes expectations regarding the Company’s future operational results as well as development, redevelopment and expansion activities. Stockholders are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to vary materially from those anticipated, expected or projected. Such factors include, among others, general industry, economic and business conditions, which will, among other things, affect demand for retail space or retail goods, availability and creditworthiness of current and prospective tenants, anchor or tenant bankruptcies, closures, mergers or consolidations, lease rates, terms and payments, interest rate fluctuations, availability, terms and cost of financing, operating expenses, and competition; adverse changes in the real estate markets, including the liquidity of real estate investments; and risks of real estate development, redevelopment, and expansion, including availability, terms and cost of financing, construction delays, environmental and safety requirements, budget overruns, sunk costs and lease-up; the inability to obtain, or delays in obtaining, all necessary zoning, land-use, building, and occupancy and other required governmental permits and authorizations; and governmental actions and initiatives (including legislative and regulatory changes) as well as terrorist activities or other acts of violence which could adversely affect all of the above factors. Furthermore, occupancy rates and rents at a newly completed property may not be sufficient to make the property profitable. The reader is directed to the Company’s various filings with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the year ended December 31, 2015, for a discussion of such risks and uncertainties, which discussion is incorporated herein by reference. The Company does not intend, and undertakes no obligation, to update any forward-looking information to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events unless required by law to do so.

The Macerich Company
Notes to Unaudited Pro Rata Statement of Operations

- (1) This represents the non-owned portion of consolidated joint ventures.
- (2) This represents the Company's pro rata share of unconsolidated joint ventures.
- (3) The Company uses FFO in addition to net income to report its operating and financial results and considers FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to Generally Accepted Accounting Principles ("GAAP") measures. The National Association of Real Estate Investment Trusts ("NAREIT") defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from extraordinary items and sales of depreciated operating properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis.

FFO and FFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as the Company believes real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. The Company believes that such a presentation also provides investors with a more meaningful measure of its operating results in comparison to the operating results of other REITs. The Company believes that FFO on a diluted basis is a measure investors find most useful in measuring the dilutive impact of outstanding convertible securities. The Company further believes that FFO does not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income (loss) as defined by GAAP, and is not indicative of cash available to fund all cash flow needs. The Company also cautions that FFO, as presented, may not be comparable to similarly titled measures reported by other REITs.

Management compensates for the limitations of FFO by providing investors with financial statements prepared according to GAAP, along with a detailed discussion of FFO and a reconciliation of FFO and FFO-diluted to net income attributable to the Company. Management believes that to further understand the Company's performance, FFO should be compared with the Company's reported net income and considered in addition to cash flows in accordance with GAAP, as presented in the Company's consolidated financial statements.

2016 Guidance Range (Unaudited)

Management is reaffirming its previous estimate of diluted EPS and FFO per share guidance for 2016. However, the guidance now incorporates the dilutive impact of the sale of Capitola Mall on April 13, 2016. A reconciliation of estimated EPS to FFO per share-diluted follows:

	Year 2016 Guidance
<i>Earnings Expectations:</i>	
Earnings per share—diluted	\$3.73 - \$3.83
Plus: real estate depreciation and amortization	\$3.07 - \$3.07
Less: gain on sale of depreciated assets	(\$2.75) - (\$2.75)
FFO per share—diluted	\$4.05 - \$4.15

Underlying Assumptions to 2016 Guidance

Cash Same Center Net Operating Income (“NOI”) Growth(a)	4.50% - 5.00%
Assumed acquisitions(b)	\$330 million
Assumed dispositions(c)	\$1.15 billion

		Year 2016 FFO / Share Impact
Lease termination income	\$15 million	\$0.10
Capitalized interest	\$16 million	\$0.10
Bad debt expense	(\$5 million)	(\$0.03)
Loss on early extinguishment of debt(d)	(\$3.5 million)	(\$0.02)
Dilutive impact on 2016 of assets sold in 2015 and 2016(e)	(\$75 million)	(\$0.48)
Share repurchase program(f)	\$800 million	\$0.17

- (a) Excludes non cash items of straight-line and above/below market adjustments to minimum rents. Includes lease termination income.
- (b) On March 1, 2016, the Company purchased Country Club Plaza located in Kansas City, Missouri in a 50/50 joint venture. The amount reflected on the above table represents the Company’s share of the gross purchase price. The projected pro rata FFO from this Center is included in the 2016 Guidance Range above.
- (c) The Company contributed an interest in four properties to joint ventures in January 2016. Subsequent to the contributions, the Company retained a 60.0% interest in Arrowhead Towne Center and a 51.0% interest in Deptford Mall, FlatIron Crossing and Twenty Ninth Street. On April 13, 2016, the Company sold Capitola Mall for \$93 million. The amount listed above represents the gross sales proceeds before debt from these transactions.
- (d) This represents the loss on early extinguishment of the debt encumbering Arrowhead Towne Center in January 2016.
- (e) Includes approximately \$0.08 dilutive impact of special dividends paid in December 2015 and January 2016 and includes approximately \$0.10 dilutive impact of the difference in debt premium amortization between 2015 and 2016.
- (f) This assumes an additional \$800M buy-back program during the first half of 2016 at an average share price of \$80.

Notes to Sales Per Square Foot by Property Ranking (unaudited)

Footnotes

- (a) Sales are based on reports by retailers leasing mall and freestanding stores for the trailing 12 months for tenants which have occupied such stores for a minimum of 12 months. Sales per square foot are based on tenants 10,000 square feet and under. Properties are ranked by Sales per square foot as of December 31, 2015. Sales per square foot are excluded for Flagstaff Mall which is being transitioned to the loan servicer and Capitola Mall, which was sold on April 13, 2016.
- (b) Occupancy is the percentage of mall and freestanding GLA leased as of the last day of the reporting period. Occupancy excludes Centers under development and redevelopment. Occupancy excludes Flagstaff Mall, which is being transitioned to the loan servicer and Capitola Mall, which was sold on April 13, 2016.
- (c) Cost of Occupancy represents “Tenant Occupancy Costs” divided by “Tenant Sales”. Tenant Occupancy Costs in this calculation are the amounts paid to the Company, including minimum rents, percentage rents and recoverable expenditures, which consist primarily of property operating expenses, real estate taxes and repair and maintenance expenditures.
- (d) The percentage of Portfolio 2016 Forecast Pro Rata Real Estate NOI is based on guidance provided on May 3, 2016, see page 8. Real Estate NOI excludes straight-line and above/below market adjustments to minimum rents. Real Estate NOI also does not reflect REIT expenses and Management Company revenues and expenses. See the Company’s forward-looking statements disclosure on page 1 for factors that may affect the information provided in this column.
- (e) These assets are under redevelopment including demolition and reconfiguration of the Centers and tenant spaces, accordingly the Sales per square foot and Occupancy during the periods of redevelopment are not included.
- (f) On March 1, 2016, the Company purchased Country Club Plaza located in Kansas City, Missouri in a 50/50 joint venture. The pro rata NOI from this Center is included in the 2016 Guidance Range presented on page 8 and in the percentage of Portfolio 2016 Forecast Pro Rata Real Estate NOI in the table above.
- (g) Properties sold prior to March 31, 2016 are excluded in both current and prior periods above.
- (h) On July 30, 2014, the Company formed a joint venture to redevelop and rebrand The Gallery in Philadelphia, Pennsylvania as Fashion Outlets of Philadelphia.

- (a) This column reflects the Company's legal ownership in the listed properties as of March 31, 2016. Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company's joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.
- (b) Economic ownership represents the allocation of cash flow to the Company as of March 31, 2016, except as noted below. In cases where the Company receives a current cash distribution greater than its legal ownership percentage due to a capital account greater than its legal ownership percentage, only the legal ownership percentage is shown in this column. The Company's economic ownership of these properties may fluctuate based on a number of factors,

including mortgage refinancings, partnership capital contributions and distributions, and proceeds and gains or losses from asset sales, and the matters set forth in the preceding paragraph.

- (c) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores as of March 31, 2016.
- (d) The joint venture entity was formed in September 2009. Upon liquidation of the partnership, distributions are made in the following order: to the third-party partner until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; to the Company until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; and, thereafter, pro rata 35% to the third-party partner and 65% to the Company.
- (e) Columns 1 and 2 reflect the Company's indirect ownership interest in the property owner. The Company and a third-party partner are each members of a joint venture (the "MW Joint Venture") which, in turn, is a member in the joint venture that owns the property. Cash flow distributions for the MW Joint Venture are made in accordance with the members' relative capital accounts until the members have received distributions equal to their capital accounts, and thereafter in accordance with the members' relative legal ownership percentages. In addition, the Company has executed a joint and several guaranty of the mortgage for the property with its third-party partner. The Company may incur liabilities under such guaranty greater than its legal ownership percentage.
- (f) Columns 1 and 2 reflect the Company's total direct and indirect ownership interest in the property owner. The Company and a third-party partner are each members of a joint venture (the "MW Joint Venture") which, in turn, is a member in the joint venture with the Company that owns the property. Cash flow distributions for the MW Joint Venture are made in accordance with the members' relative capital accounts until the members have received distributions equal to their capital accounts, and thereafter in accordance with the members' relative legal ownership percentages.
- (g) On April 30, 2015 Sears Holdings Corporation ("Sears") and the Company announced that they had formed a joint venture, MS Portfolio LLC. Sears contributed nine stores (located at Arrowhead Towne Center, Chandler Fashion Center, Danbury Fair Mall, Deptford Mall, Freehold Raceway Mall, Los Cerritos Center, South Plains Mall, Vintage Faire Mall and Washington Square) to the joint venture and the Company contributed \$150 million in cash to the joint venture. The lease arrangements between Sears and the joint venture provide the ability to create additional value through recapturing certain space leased to Sears in these properties and re-leasing that space to third-party tenants. For example, Primark has leased space in portions of the Sears stores at Danbury Fair Mall and Freehold Raceway Mall. On July 7, 2015, Sears assigned its ownership interest in MS Portfolio LLC to Seritage MS Holdings LLC.

- (a) The debt balances include the unamortized debt premiums/discounts and loan finance costs. Debt premiums/discounts represent the excess of the fair value of debt over the principal value of debt assumed in various acquisitions. Debt premiums/discounts and loan finance costs are amortized into interest expense over the remaining term of the related debt in a manner that approximates the effective interest method. The annual interest rate in the table represents the effective interest rate, including the debt premiums/discounts and loan finance costs.
- (b) This loan matured on November 1, 2015. The Company is negotiating with the loan servicer, which will likely result in a transition of the asset to the loan servicer or a receiver.
