This Supplemental Financial Information should be read in connection with the Company's second quarter 2013 earnings announcement (included as Exhibit 99.1 of the Company's Current Report on 8-K, event date August 5, 2013) as certain disclosures, definitions and reconciliations in such announcement have not been included in this Supplemental Financial Information.

The Macerich Company Supplemental Financial and Operating Information Overview

The Macerich Company (the "Company") is involved in the acquisition, ownership, development, redevelopment, management and leasing of regional and community shopping centers located throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, The Macerich Partnership, L.P., a Delaware limited partnership (the "Operating Partnership").

As of June 30, 2013, the Operating Partnership owned or had an ownership interest in 58 regional shopping centers and ten community/power shopping centers aggregating approximately 61 million square feet of gross leasable area ("GLA"). These 68 centers are referred to hereinafter as the "Centers", unless the context requires otherwise.

The Company sold four Regional Shopping Centers in the second quarter: Green Tree Mall on May 31, 2013, Northridge Mall and Rimrock Mall on June 4, 2013 and Kitsap Mall on June 12, 2013 (collectively, the "2013 Disposition Centers").

The Company is negotiating with the loan servicer for Fiesta Mall, which will likely result in a transition of the asset to the loan servicer or a receiver. Consequently, Fiesta Mall has been excluded from certain Non-GAAP operating measures in 2013, including Sales Per Square Foot, Occupancy, Average Base Rent Per Square Foot and Cost of Occupancy as well as our Property Listing.

The Company is a self-administered and self-managed real estate investment trust ("REIT") and conducts all of its operations through the Operating Partnership and the Company's management companies (collectively, the "Management Companies").

All references to the Company in this Exhibit include the Company, those entities owned or controlled by the Company and predecessors of the Company, unless the context indicates otherwise.

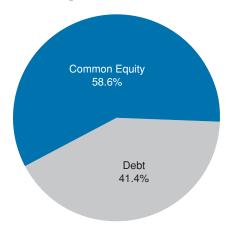

This document contains information constituting forward-looking statements and includes expectations regarding the Company's future operational results as well as development, redevelopment and expansion activities. Stockholders are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to vary materially from those anticipated, expected or projected. Such factors include, among others, general industry, economic and business conditions, which will, among other things, affect demand for retail space or retail goods, availability and creditworthiness of current and prospective tenants, anchor or tenant bankruptcies, closures, mergers or consolidations, lease rates, terms and payments, interest rate fluctuations, availability, terms and cost of financing, operating expenses, and competition; adverse changes in the real estate markets, including the liquidity of real estate investments; and risks of real estate development, redevelopment, and expansion, including availability, terms and cost of financing, construction delays, environmental and safety requirements, budget overruns, sunk costs and lease-up; the inability to obtain, or delays in obtaining, all necessary zoning, land-use, building, and occupancy and other required governmental permits and authorizations; and governmental actions and initiatives (including legislative and regulatory changes) as well as terrorist activities or other acts of violence which could adversely affect all of the above factors. Furthermore, occupancy rates and rents at a newly completed property may not be sufficient to make the property profitable. The reader is directed to the Company's various filings with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the year ended December 31, 2012, for a discussion of such risks and uncertainties, which discussion is incorporated herein by reference. The Company does not intend, and undertakes no obligation, to update any forward-looking information to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events unless required by law to do so.

The Macerich Company Notes to Unaudited Pro Rata Statement of Operations

- (1) This represents the non-owned portion of consolidated joint ventures.
- (2) This represents the Company's pro rata share of unconsolidated joint ventures.
- (3) The Company uses FFO in addition to net income to report its operating and financial results and considers FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to Generally Accepted Accounting Principles ("GAAP") measures. The National Association of Real Estate Investment Trusts ("NAREIT") defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from extraordinary items and sales of depreciated operating properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis.

FFO and FFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as the Company believes real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. FFO on a diluted basis is a measure investors find most useful in measuring the dilutive impact of outstanding convertible securities. FFO does not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income (loss) as defined by GAAP, and is not indicative of cash available to fund all cash flow needs. The Company also cautions that FFO as presented, may not be comparable to similarly titled measures reported by other real estate investment trusts.

Management compensates for the limitations of FFO by providing investors with financial statements prepared according to GAAP, along with a detailed discussion of FFO and a reconciliation of FFO and FFO-diluted to net income attributable to the Company. Management believes that to further understand the Company's performance, FFO should be compared with the Company's reported net income and considered in addition to cash flows in accordance with GAAP, as presented in the Company's consolidated financial statements.

Notes to Sales Per Square Foot by Property Ranking (unaudited)

Footnotes

- (a) Sales are based on reports by retailers leasing mall and freestanding stores for the trailing 12 months for tenants which have occupied such stores for a minimum of 12 months. Sales per square foot are based on tenants 10,000 square feet and under.
- (b) Cost of Occupancy represents "Tenant Occupancy Costs" divided by "Tenant Sales". Tenant Occupancy Costs in this calculation are the amounts paid to the Company, including minimum rents, percentage rents and recoverable expenditures, which consist primarily of property operating expenses, real estate taxes and repair and maintenance expenditures.
- (c) The percent of portfolio 2013 Forecast Pro Rata Net Operating Income ("NOI") is based on guidance previously published adjusted to exclude the 2013 Disposition Centers and Fiesta Mall, and to annualize the NOI of Fashion Outlets of Chicago. NOI excludes the following items: straight-line rent, above/below market adjustments to minimum rents, termination fee income and bad debt expense. It does not reflect REIT expenses, net Management Company expenses and the effect of any future 2013 acquisitions or dispositions. See the Company's forward-looking statements disclosure on page 1 for factors that may affect the information provided in this column.
- (d) Please see further disclosures for Outstanding Debt at pro rata on pages 28-29.
- (e) The Company acquired Kings Plaza Shopping Center in November 2012.
- (f) Fashion Outlets of Chicago opened August 1, 2013 and is included in "Group 2: Top 11 20" above based on our expectations for Sales per square foot at this property. Annualized 2013 Forecast Pro Rata NOI for Fashion Outlets of Chicago is included in Group 2 above. See the Company's forward-looking statements disclosure on page 1 for factors that may affect this information.
- (g) The Company acquired Green Acres Mall in January 2013.
- (h) Superstition Springs Power Center was combined with Superstition Springs Center in prior periods, but is shown separately as a "Community / Power Center" at June 30, 2013.
- (i) Tenant spaces have been intentionally held off the market and remain vacant because of redevelopment plans. As a result, the Company believes the Sales per square foot and Occupancy at these redevelopment properties is not meaningful data.
- (j) The Company is negotiating with the loan servicer for Fiesta Mall, which will likely result in a transition of the asset to the loan servicer or receiver.
- (k) The Company's joint venture in Redmond Town Center sold this center on August 1, 2013.

- (a) The Company's ownership interest in this table reflects its legal ownership interest. See footnotes (1) and (2) on pages 26-27 regarding the legal versus economic ownership of joint venture entities.
- (b) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores as of June 30, 2013.
- (c) Portions of the land on which the Center is situated are subject to one or more long-term ground leases. With respect to 52 Centers, the underlying land controlled by the Company is owned in fee entirely by the Company, or, in the case of jointly-owned Centers, by the joint venture property partnership or limited liability company.
- (d) Included in Unconsolidated Joint Venture Centers.
- (e) Included in Consolidated Centers.
- (f) The Company's joint venture in Redmond Town Center sold this center on August 1, 2013.
- (g) The Company owns a portfolio of 17 stores located at shopping centers not owned by the Company. Of these 17 stores, four have been leased to Forever 21, one has been leased to Kohl's, one has been leased to Burlington Coat Factory, one has been leased to Cabela's, seven have been leased for non-Anchor usage and the remaining three locations are vacant. The Company is currently seeking replacement tenants for these vacant sites. With respect to twelve of the 17 stores, the underlying land is owned in fee entirely by the Company. With respect to the remaining five stores, the underlying land is owned by third parties and leased to the Company pursuant to long-term building or ground leases.

Joint Venture List

The following table sets forth certain information regarding the Centers and other operating properties that are not wholly-owned by the Company. Fashion Outlets of Chicago has been included in the table since it began operations in 2013. This list of properties includes unconsolidated joint ventures, consolidated joint ventures, and co-venture arrangements. The percentages shown are the effective legal ownership and economic ownership interests of the Company as of June 30, 2013.

⁽¹⁾ This column reflects the Company's legal ownership in the listed properties as of June 30, 2013.

Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company's joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.

⁽²⁾ Economic ownership represents the allocation of cash flow to the Company as of June 30, 2013, except as noted below. In cases where the Company receives a current cash distribution greater than its legal ownership percentage due to a capital account greater than its legal ownership percentage, only the legal ownership percentage is shown in this column. The Company's economic ownership of these properties may fluctuate based on a number of factors, including mortgage refinancings, partnership capital contributions and distributions, and proceeds and gains or losses from asset sales, and the matters set forth in the preceding paragraph.

⁽³⁾ Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores as of June 30, 2013.

- (4) The joint venture entity was formed in September 2009. Upon liquidation of the partnership, distributions are made in the following order: to the third-party partner until it receives a 13% internal rate of return on its aggregate unreturned capital contributions; to the Company until it receives a 13% internal rate of return on its aggregate unreturned capital contributions; and, thereafter, 35% to the third-party partner and 65% to the Company.
- (5) Columns 1 and 2 reflect the Company's indirect ownership interest in the property owner. The Company and a third-party partner are each members of a joint venture (the "MW Joint Venture") which, in turn, is a member in the joint venture that owns the property. Cash flow distributions for the MW Joint Venture are made in accordance with the members' relative capital accounts until the members have received distributions equal to their capital accounts, and thereafter in accordance with the members' relative legal ownership percentages. In addition, the Company has executed a joint and several guaranty of the mortgage for the property with its third-party partner. The Company may incur liabilities under such guaranty greater than its legal ownership percentage.
- (6) Fashion Outlets of Chicago opened on August 1, 2013. After the third anniversary of substantial completion of the development, the Company in its sole discretion may elect to purchase the interest of the other member based on a net operating income formula using a 6.5% capitalization rate, less any unpaid debt on the property. In addition, the Company has executed a guaranty of the mortgage for the property. The Company may incur liabilities under such guaranty greater than its legal ownership percentage.
- (7) The Company's joint venture in Redmond Town Center sold this center on August 1, 2013.

⁽a) The debt balances include the unamortized debt premiums/discounts. Debt premiums/discounts represent the excess of the fair value of debt over the principal value of debt assumed in various acquisitions and are amortized into interest expense over the remaining term of the related debt in a manner that approximates the effective interest method. The annual interest rate in the above table represents the effective interest rate, including the debt premiums/discounts and loan financing costs.

⁽b) The Company is negotiating with the loan servicer for Fiesta Mall, which will likely result in a transition of the asset to the loan servicer or receiver.

⁽c) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 50.0%

⁽d) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 50.1%.

⁽e) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 84.9%.

⁽f) This loan was repaid in full by the Company on August 1, 2013.

g) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 51.3%.

⁽h) The maturity date assumes that all such extension options are fully exercised and that the Company and/or its affiliates do not opt to refinance the debt prior to these dates.

⁽i) Effective August 6, 2013, the Company's unsecured revolving line of credit facility is modified and extended. The amended \$1.5 billion facility has the ability to expand up to \$2.0 billion and will mature on August 6, 2018. The facility provides for interest rate spreads over LIBOR ranging from 1.375% to 2.0%, based on the Company's overall leverage. The interest rate at closing is 1.50% over LIBOR.

⁽j) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 60.0%.
