We own 45 million square feet of real estate consisting primarily of interests in 41 regional retail centers that serve as community cornerstones. As a leading owner, operator and developer of high-quality retail real estate in densely populated and attractive U.S. markets, our portfolio is concentrated in California, the Pacific Northwest, Phoenix/Scottsdale, and the Metro New York to Washington, D.C. corridor. We are firmly dedicated to advancing environmental goals, social good and sound corporate governance. As a recognized leader in sustainability, The Macerich Company (the "Company") has achieved a #1 GRESB ranking for the North American retail sector for ten consecutive years (2015-2024).

General Updates:

We recently closed on the acquisition of our partner's 40% interest in the Pacific Premier Retail Trust (PPRT) portfolio on October 24, 2024. PPRT owns Fortress asset Los Cerritos Center, Fortress Potential asset Washington Square, and Lakewood Center. The acquisition price was \$122 million, and the implied weighted average cap rate was 7.4%. This follows the second quarter closing of the acquisitions of our partner's interests in Arrowhead Towne Center and South Plains Mall, with Arrowhead priced at a 7.2% cap rate. These acquisitions are consistent with our stated strategic objective of opportunistically consolidating selected ownership of our portfolio over time. We also continue to focus on other potential disposition transactions aimed at improving our balance sheet and refining our portfolio quality. We currently have approximately \$1.17 billion of potential disposition activity either completed (including the previous sales of Country Club Plaza and Biltmore Fashion Park) or in process, which is expected to include asset sales, lender give-backs, and possible loan modifications. This is approximately 60% of the approximately \$2.0 billion total disposition activity that was embedded within our initial Path Forward Plan. The remaining 40% includes among others one mall asset that we intend to either market for sale or engage the lender in transition discussions during early 2025, as well as numerous outparcels, large boxes and non-enclosed mall assets. We believe these selected assets present an opportunity for sales at attractive pricing levels. We anticipate those transactions will take place over the next several quarters.

We also continue to find attractive financing opportunities in the debt capital markets for Class-A regional retail centers. Notably, two weeks ago we closed on a five-year refinance of Queens Center at an extremely attractive fixed interest rate of 5.37%. This is a major reason we believe we have room to potentially outperform our five-year refinance plan and to possibly achieve even greater FFO growth.

We remain extremely pleased with the pace and quality of leasing. We leased 2.6 million square feet during the first nine months of 2024. We currently have a new store leasing pipeline of 2.5 million square feet of committed leases. The impact of that pipeline of pending, new store leases is expected to produce incremental total rent of approximately \$80 million at our share in excess of the rent generated from prior uses in those same spaces. Approximately \$26 million of this rent impacts 2024, and the remaining approximately \$54 million is expected to impact 2025 through 2027. On a forward-looking basis, year-to-date through September 30, 2024, we have internally approved 4.3 million square feet of new and renewal leases, representing an 85% increase in approved leasing volume (based on square feet) relative to the same period in 2023. This volume of approved leasing deals should serve to further propel and increase our existing lease pipeline and future volumes of signed leases.

Results for the Quarter:

- The net loss attributable to the Company was \$108.2 million or \$0.50 per share-diluted during the third quarter of 2024, compared to the net loss attributable to the Company of \$262.5 million or \$1.22 per share-diluted attributable to the Company for the quarter ended September 30, 2023.
- Funds from Operations ("FFO") excluding financing expense in connection with Chandler Freehold, accrued default interest expense and loss on non-real estate investments was \$86.0 million or \$0.38 per share-diluted during the third quarter of 2024, compared to \$100.6 million or \$0.45 per share-diluted for FFO excluding financing expense in connection with Chandler Freehold, accrued default interest expense and loss on non-real estate investments for the quarter ended September 30, 2023.
- Same center net operating income ("NOI"), excluding lease termination income, increased 1.9% in the third quarter of 2024 compared to the third quarter of 2023 and increased 1.9% when including lease termination income.
- Portfolio tenant sales per square foot for space less than 10,000 square feet for the trailing twelve months ended September 30, 2024 were \$834 compared to \$835 for the quarter ended June 30, 2024, and compared to \$847 for the quarter ended September 30, 2023. Portfolio tenant sales for the nine months ended September 30, 2024 from comparable spaces less than 10,000 square feet decreased modestly by 1.0% compared to the same period ended September 30, 2023.

**The Macerich Company
Executive Summary
September 30, 2024**

- Portfolio occupancy as of September 30, 2024 was 93.7%, a 0.3% increase compared to the 93.4% occupancy rate at September 30, 2023 and a 0.4% increase compared to the 93.3% occupancy rate at June 30, 2024.
- Base rent re-leasing spreads were 11.9% greater than expiring base rent for the trailing twelve months ended September 30, 2024. This was the twelfth consecutive quarter of positive base rent leasing spreads.
- During the third quarter of 2024, we signed leases for 831,000 square feet, a 16% increase in leased square footage compared to the third quarter of 2023, on a comparable center basis. Year-to-date through September 30, 2024, we have leased 2.6 million square feet of space, a 14% decrease compared to the same period in 2023. When considering the previously mentioned strong volume of internal lease approvals during the first nine months of 2024, we believe we are on track to meet or exceed the historic pace of leasing that has transpired since the pandemic, which averaged nearly 3.8 million square feet per year during each of 2021, 2022 and 2023.

Balance Sheet:

Since June 30, 2024, we were actively engaged in numerous transactions, including the following financing, acquisition, and disposition activity:

- On July 31, 2024, we sold our 50% interest in Biltmore Fashion Park in Phoenix, AZ, for \$110 million at an implied 6.5% cap rate.
- On August 22, 2024, we closed an \$85 million, ten-year refinance of the loan on The Mall of Victor Valley. The new loan bears interest at a fixed rate of 6.72%, is interest only during the entire loan term, and matures on September 6, 2034.
- On October 24, 2024, we closed on the acquisition of our partner's 40% interest in the PPRT portfolio. The acquisition price was \$122 million, and the implied weighted average cap rate was 7.4%. This transaction was funded by proceeds raised from sales of common stock pursuant to our at-the-market common equity offering program (ATM Program).
- On October 28, 2024, we closed a \$525 million, five-year refinance of the loan on Queens Center. The new loan, which replaced the existing \$600 million loan, bears interest at a fixed rate of 5.37%, is interest only during the entire loan term, and matures on November 6, 2029.
- We are under contract to sell The Oaks for \$157 million, and expect to close during the fourth quarter of 2024, subject to customary closing conditions.
- During the third quarter of 2024, we sold 9.4 million shares of common stock for \$151.7 million of proceeds through our ATM Program at a weighted average share price of \$16.14. These proceeds were used to fund the PPRT acquisition and reduce leverage on Queens Center.

As of the date of this filing, we had approximately \$667 million of liquidity, including \$505 million of available capacity on our \$650 million revolving line of credit.

Guidance:

On April 30, 2024, due to the Company's implementation of its Path Forward Plan and the uncertainty regarding the timing, extent, and impact of any transactions we have or will undertake to implement the Plan, we withdrew our previously published 2024 guidance and are not providing an updated outlook at this time.

Dividend:

On October 31, 2024, we announced a quarterly cash dividend of \$0.17 per share of common stock. The dividend is payable on December 2, 2024 to stockholders of record at the close of business on November 12, 2024.

Investor Conference Call:

We will provide an online Web simulcast and rebroadcast of our quarterly earnings conference call. The call will be available on The Macerich Company's website at www.macerich.com (Investors Section). The call begins on November 6, 2024 at 10:00 a.m. Pacific Time. To listen to the call, please visit the website at least 15 minutes prior to the call-in order to register and download audio software if needed. An online replay at www.macerich.com (Investors Section) will be available for one year after the call.

About Macerich and this Document:

The Company is a fully integrated, self-managed and self-administered real estate investment trust, which focuses on the acquisition, leasing, management, development and redevelopment of regional retail centers throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, The Macerich Partnership, L.P., a Delaware limited partnership (the “Operating Partnership”) and conducts all of its operations through the Operating Partnership and the Company’s management companies.

As of the date of this filing, the Operating Partnership owned or had an ownership interest in 45 million square feet of gross leasable area (“GLA”) consisting primarily of interests in 41 regional retail centers, three community/power shopping centers and one redevelopment property. These 45 centers are referred to hereinafter as the “Centers” unless the context requires otherwise.

All references to the Company in this document include the Company, those entities owned or controlled by the Company and predecessors of the Company, unless the context indicates otherwise.

Macerich uses, and intends to continue to use, its Investor Relations website, which can be found at <https://investing.macerich.com/>, as a means of disclosing material nonpublic information and for complying with its disclosure obligations under Regulation FD. Additional information about Macerich can be found through social media platforms such as LinkedIn and Twitter.

The Company presents certain measures in this document on a pro rata basis, which represents (i) the measure on a consolidated basis, minus the Company’s partners’ share of the measure from its consolidated joint ventures (calculated based upon the partners’ percentage ownership interest); plus (ii) the Company’s share of the measure from its unconsolidated joint ventures (calculated based upon the Company’s percentage ownership interest). Management believes that these measures provide useful information to investors regarding its financial condition and/or results of operations because they include the Company’s share of the applicable amount from unconsolidated joint ventures and exclude the Company’s partners’ share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures, and the Company believes that presenting various measures in this manner can help investors better understand the Company’s financial condition and/or results of operations after taking into account its economic interest in these joint ventures. Management also uses these measures to evaluate regional property level performance and to make decisions about resource allocations. The Company’s economic interest (as distinct from its legal ownership interest) in certain of its joint ventures could fluctuate from time to time and may not wholly align with its legal ownership interests because of provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses, payments of preferred returns and control over major decisions. Additionally, the Company does not control its unconsolidated joint ventures and the presentation of certain items, such as assets, liabilities, revenues and expenses, from these unconsolidated joint ventures does not represent the Company’s legal claim to such items.

Note: This document contains statements that constitute forward-looking statements, which can be identified by the use of words, such as “will,” “expects,” “anticipates,” “assumes,” “believes,” “estimated,” “guidance,” “projects,” “scheduled” and similar expressions that do not relate to historical matters, and includes expectations regarding the Company’s future operational results, including the Path Forward Plan and its ability to meet the established goals under such Plan, as well as development, redevelopment and expansion activities. Stockholders are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to vary materially from those anticipated, expected or projected. Such factors include, among others, general industry, as well as global, national, regional and local economic and business conditions, including the impact of rising interest rates and inflation, which will, among other things, affect demand for retail space or retail goods, availability and creditworthiness of current and prospective tenants, anchor or tenant bankruptcies, closures, mergers or consolidations, lease rates, terms and payments, interest rate fluctuations, availability, terms and cost of financing, and cost of operating and capital expenses; adverse changes in the real estate markets including, among other things, competition from other companies, retail formats and technology, risks of real estate development and redevelopment (including rising inflation, supply chain disruptions and construction delays), and acquisitions and dispositions; the adverse impacts from any future pandemic, epidemic or outbreak of any highly infectious disease on the U.S., regional and global economies and the financial condition and results of operations of the Company and its tenants; the liquidity of real estate investments; governmental actions and initiatives (including legislative and regulatory changes); environmental and safety requirements; and terrorist activities or other acts of violence, which could adversely affect all of the above factors. The reader is directed to the Company’s various filings with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the year ended December 31, 2023, for a discussion of such risks and uncertainties, which discussion is incorporated herein by reference. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this document. The Company does not intend, and undertakes no obligation, to update any forward-looking information to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events unless required by law to do so.

THE MACERICH COMPANY
FINANCIAL HIGHLIGHTS
(IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)

- (a) Prior to June 13, 2024, the Company accounted for its investment in the Chandler Fashion Center and Freehold Raceway Mall ("Chandler Freehold") joint venture as a financing arrangement. As a result, the Company included in interest expense (i) \$0 and a credit of \$13,795 to adjust for the change in the fair value of the financing arrangement obligation during the three and nine months ended September 30, 2024, respectively; and an expense of \$1,996 and a credit of \$5,521 to adjust for the change in the fair value of the financing arrangement obligation during the three and nine months ended September 30, 2023, respectively; (ii) distributions of \$0 and \$1,565 to its partner representing the partner's share of net income for the three and nine months ended September 30, 2024, respectively; and \$330 and \$250 to its partner representing the partner's share of net income for the three and nine months ended September 30, 2023, respectively; and (iii) distributions of \$0 and \$966 to its partner in excess of the partner's share of net income for the three and nine months ended September 30, 2024, respectively; and \$1,093 and \$5,262 to its partner in excess of the partner's share of net income for the three and nine months ended September 30, 2023, respectively. On November 16, 2023, the Company acquired its partners' interest in Freehold Raceway Mall and as a result that property is no longer part of the financing arrangement and is 100% owned by the Company. On June 13, 2024, the partnership agreement between the Company and its partner was amended. As a result of this modification, the Company no longer accounts for its investment in Chandler Fashion Center as a financing arrangement and deconsolidated the joint venture and recorded a gain on sale of asset of \$334.3 million during the three months ended June 30, 2024. Effective June 13, 2024, the Company accounts for its investment in Chandler Fashion Center under the equity method of accounting. References to "Chandler Freehold" for the period November 16, 2023 through June 13, 2024 shall be deemed to only refer to Chandler Fashion Center.
- (b) The Operating Partnership has operating partnership units ("OP Units"). OP Units can be converted into shares of Company common stock. Conversion of the OP Units not owned by the Company has been assumed for purposes of calculating FFO per share and the weighted average number of shares outstanding. The computation of average shares for FFO-diluted includes the effect of share and unit-based compensation plans. It also assumes conversion of MACWH, LP preferred and common units to the extent they are dilutive to the calculation.
- (c) The Company uses FFO in addition to net income to report its operating and financial results and considers FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to Generally Accepted Accounting Principles ("GAAP") measures. The National Association of Real Estate Investment Trusts ("Nareit") defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis.

Prior to June 13, 2024, the Company accounted for its joint venture in Chandler Freehold as a financing arrangement. In connection with this treatment, the Company recognized financing expense on (i) the changes in fair value of the financing arrangement, (ii) any payments to such joint venture partner equal to their pro rata share of net income and (iii) any payments to such joint venture partner less than or in excess of their pro rata share of net income. The Company excluded the noted expenses related to the changes in fair value and for the payments to such joint venture partner less than or in excess of their pro rata share of net income.

The Company also presents FFO excluding financing expense in connection with Chandler Freehold, gain or loss on extinguishment of debt, accrued default interest expense and gain or loss on non-real estate investments.

FFO and FFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as the Company believes real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. The Company believes that such a presentation also provides investors with a more meaningful measure of its operating results in comparison to the operating results of other REITs. In addition, the Company believes that FFO excluding financing expense in connection with Chandler Freehold, impact associated with extinguishment of debt, accrued default interest expense and impact of non-cash changes in the market value of non-real estate investments provides useful supplemental information regarding the Company's performance as it shows a more meaningful and consistent comparison of the Company's operating performance and allows investors to more easily compare the Company's results. On March 19, 2024, the Company closed on a three-year extension of the Fashion Outlets of Niagara non-recourse loan and all default interest expense was reversed. Effective April 9, 2024, default interest expense has been accrued on the non-recourse loan on Santa Monica Place. GAAP requires that the Company accrue default interest expense, which is not expected to be paid and is expected to be reversed once a loan is modified or once title to the mortgaged loan collateral is transferred. The Company believes that the accrual of default interest on non-recourse loans, and the related reversal thereof should be excluded. The Company holds certain non-real estate investments that are subject to mark to market changes every quarter. These investments are not core to the Company's business, and the changes to market value and the related gain or loss are entirely non-cash in nature. As a result, the Company believes that the gain or loss on non-real estate investments should be excluded. Effective in the first quarter of 2024, the Company updated its presentation to exclude gain or loss on non-real estate investments for the reasons noted above. The Company recast the presentation for prior periods to reflect this change.

The Company further believes that FFO does not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income (loss) as defined by GAAP, and is not indicative of cash available to fund all cash flow needs. The Company also cautions that FFO as presented, may not be comparable to similarly titled measures reported by other REITs.

(a) Adjusted EBITDA represents earnings before interest, income taxes, depreciation, amortization, noncontrolling interests in the OP, extraordinary items, loss (gain) on remeasurement, sale or write down of assets, loss (gain) on extinguishment of debt and preferred dividends and includes joint ventures at their pro rata share. Management considers Adjusted EBITDA to be an appropriate supplemental measure to net income because it helps investors understand the ability of the Company to incur and service debt and make capital expenditures. The Company believes that Adjusted EBITDA should not be construed as an alternative to operating income as an indicator of the Company's operating performance, or to cash flows from operating activities (as determined in accordance with GAAP) or as a measure of liquidity. The Company also cautions that Adjusted EBITDA, as presented, may not be comparable to similarly titled measurements reported by other companies.

(b) The Company presents Same Center NOI because the Company believes it is useful for investors to evaluate the operating performance of comparable centers. Same Center NOI is calculated using total Adjusted EBITDA and eliminating the impact of the Management Companies' revenues and operating expenses, leasing expenses (including joint ventures at pro rata), the Company's REIT general and administrative expenses and the straight-line and above/below market adjustments to minimum rents and subtracting out NOI from non-Same Centers. The Company also presents Same Center NOI, excluding lease termination income, as the Company believes that it is useful for investors to evaluate operating performance without the impact of lease termination income.

The Company owned or had an ownership interest in 41 retail centers (including office, hotel and residential space adjacent to these shopping centers), three community/power shopping centers and one redevelopment property. With the exception of the Centers indicated with footnote (c) in the table above, the underlying land controlled by the Company is owned in fee entirely by the Company, or, in the case of jointly-owned Centers, by the joint venture property partnership or limited liability company.

- (a) The Company's ownership interest in this table reflects its legal ownership interest. See footnotes (a) and (b) in the Joint Venture List regarding the legal versus economic ownership of joint venture entities.
- (b) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores.
- (c) Portions of the land on which the Center is situated are subject to one or more long-term ground leases.
- (d) On October 24, 2024, the Company acquired its partner's 40% interest in the Pacific Premier Retail Trust portfolio, which includes Washington Square, Los Cerritos Center, and Lakewood Center. All three assets are now wholly owned by the Company.
- (e) Effective April 9, 2024, the loan encumbering this property is in default. The Company is in negotiations with the lender on terms of this non-recourse loan.
- (f) Included in Unconsolidated Joint Venture Centers.
- (g) Included in Consolidated Centers.
- (h) On March 29, 2021, the Company sold the former Paradise Valley Mall for \$100 million to a newly formed joint venture and retained a 5% joint venture interest. Construction started in Summer 2021 on the first phase of a multi-phase, multi-year project to convert this former retail center into a mixed-use development with high-end grocery, restaurants, multi-family residences, offices, retail shops and other elements on the 92-acre site. The existing Costco and JC Penney stores currently remain open, while all of the other stores at the property have closed.

- (a) This column reflects the Company's legal ownership in the listed properties. Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company's joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.
- (b) Economic ownership represents the allocation of cash flow to the Company, except as noted below. In cases where the Company receives a current cash distribution greater than its legal ownership percentage due to a capital account greater than its legal ownership percentage, only the legal ownership percentage is shown in this column. The Company's economic ownership of these properties may fluctuate based on a number of factors, including mortgage refinancings, partnership capital contributions and distributions, and proceeds and gains or losses from asset sales, and the matters set forth in the preceding paragraph.
- (c) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores.
- (d) This Center has a former Sears store, which was acquired from joint venture partner Seritage Growth Partners and is now wholly owned and controlled by Macerich. The GLA of the former Sears store, or tenant replacing the former Sears store, at this Center is included in Total GLA at the center level.
- (e) The joint venture entity was formed in September 2009. Upon liquidation of the partnership or a loan refinancing event, distributions are made in the following order: pro rata 49.9% to the third-party partner and 50.1% to the Company until a 14% internal rate of return on and of certain capital expenditures is received; to the Company until it receives approximately \$38.0 million; and, thereafter, pro rata 49.9% to the third-party partner and 50.1% to the Company.

- (a) Represents Restricted Cash that is held by lenders for various purposes, which effectively serves as cash collateral to the underlying loan until the cash is recouped into liquid resources by the borrower.
- (b) Net Debt is a non-GAAP measure which represents Debt less Cash and Restricted Cash. Management believes that the presentation of Net Debt provides useful information to investors because it reviews Net Debt as part of its management of the Company's overall liquidity, financial flexibility, capital structure and financial leverage.
- (c) Adjusted EBITDA for the trailing twelve months is calculated as follows:

	Add: For the Nine Months Ended September 30, 2024	Subtract: For the Nine Months Ended September 30, 2024	Add: For the Twelve Months Ended December 31, 2023	Trailing Twelve Months September 30, 2024
Adjusted EBITDA, as reported	\$ 499,412	\$ 510,869	\$ 722,041	\$ 710,584

For a reconciliation of net (loss) income to Adjusted EBITDA for the nine months ended September 30, 2024 and 2023 see page 8 and for the the twelve months ended December 31, 2023, see the Company's Supplemental Information for the fourth quarter on the Company's website.

- (d) GAAP provides that leasing costs incurred through outside, external leasing brokers may be capitalized. However, leasing compensation incurred through internally staffed leasing personnel generally may not be capitalized and must be expensed. Management believes adding back these leasing expenses provides useful information to investors because it allows them to more easily compare the Company's results to other REITs.
- (e) The Company holds certain non-real estate investments that are subject to mark to market changes every quarter. These investments are not core to the Company's business, and the changes to market value and the related gain or loss are entirely non-cash in nature. As a result, the Company believes that the gain or loss on non-real estate investments should be excluded from Adjusted EBITDA.
- (f) Represents the net forward EBITDA adjustment to properly account for the trailing twelve-months Adjusted EBITDA for: A) the acquisitions of: i) Freehold Raceway Mall, ii) Arrowhead Towne Center and iii) South Plains Mall; B) the dispositions of i) Flagstaff Marketplace, ii) Towne Mall, iii) One Westside, iv) Country Club Plaza, v) Biltmore Fashion Park and vi) the stand-alone parcel at Valle Vista Mall; and C) loans in default for which the Company anticipates transferring title to the underlying property for Santa Monica Place.
- (g) Net Debt to Adjusted EBITDA, as further modified, is calculated using net debt as of period end divided by Adjusted EBITDA, as further modified, for the twelve months then ended. Management uses this ratio to evaluate the Company's capital structure and financial leverage. This ratio is also commonly used in the Company's industry, and management believes it provides a meaningful supplemental measure of the Company's overall liquidity, financial flexibility, capital structure and financial leverage.

- (a) The Company's pro rata share of debt represents (i) consolidated debt, minus the Company's partners' share of the amount from consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of debt from unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that this measure provides useful information to investors regarding the Company's financial condition because it includes the Company's share of debt from unconsolidated joint ventures and, for consolidated debt, excludes the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and presenting its pro rata share of debt in this manner can help investors better understand the Company's financial condition after taking into account the Company's economic interest in these joint ventures. The Company's pro rata share of debt should not be considered as a substitute to the Company's total debt determined in accordance with GAAP or any other GAAP financial measures and should only be considered together with and as a supplement to the Company's financial information prepared in accordance with GAAP.

The Macerich Company
Supplemental Financial and Operating Information (Unaudited)
Outstanding Debt by Maturity Date

- (a) The debt balances include the unamortized debt discounts and loan finance costs. Debt discounts represent the deficiency of the fair value of debt below the principal value of debt assumed in various acquisitions. Debt discounts and loan finance costs are amortized into interest expense over the remaining term of the related debt in a manner that approximates the effective interest method. The annual interest rate in the table represents the effective interest rate, including the debt discounts and loan finance costs.
- (b) On October 28, 2024, the Company closed a \$525 million, five-year refinance of the loan on Queens Center. The new loan bears a fixed interest rate of 5.37%, is interest only during the entire loan term and matures on November 6, 2029.
- (c) The property is owned by a consolidated joint venture. The loan amount represents the Company's pro rata share of 84.9%.
- (d) Effective April 9, 2024, the loan is in default. The Company is in negotiations with the lender on the terms of this non-recourse loan.
- (e) The maturity date assumes that all available extension options are fully exercised and that the Company and/or its affiliates do not opt to refinance the debt prior to these dates.
- (f) As of September 30, 2024, there were no borrowings outstanding under the credit facility. Unamortized deferred finance costs of \$12.6 million, which are netted against balances outstanding or are reclassified as an asset when there are no borrowings on the credit facility, which was the case as of September 30, 2024.
- (g) On October 11, 2024, the Company's joint venture closed a two-year extension of this loan. The extended loan amount can be drawn up to \$30.3 million (\$1.5 million at the Company's pro rata share) and will bear interest at a floating rate of SOFR plus 3.75% with a floor of 7.00% and has a maturity date of October 29, 2026.
- (h) This loan requires an interest rate cap agreement to be in place at all times, which limits how high the prevailing floating loan rate benchmark index (i.e. SOFR) for the loan can rise. As of the date of this document, SOFR for this loan exceeded the strike interest rate within the required interest rate cap agreement and is considered fixed rate debt.
