This Supplemental Financial Information should be read in connection with the Company's first quarter 2017 earnings announcement (included as Exhibit 99.1 of the Company's Current Report on 8-K, event date April 27, 2017) as certain disclosures, definitions and reconciliations in such announcement have not been included in this Supplemental Financial Information.

The Macerich Company Supplemental Financial and Operating Information Overview

The Macerich Company (the "Company") is involved in the acquisition, ownership, development, redevelopment, management and leasing of regional and community/power shopping centers located throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, The Macerich Partnership, L.P., a Delaware limited partnership (the "Operating Partnership").

As of March 31, 2017, the Operating Partnership owned or had an ownership interest in 48 regional shopping centers and seven community/power shopping centers aggregating approximately 54 million square feet of gross leasable area ("GLA"). These 55 centers (which include any related office space) are referred to hereinafter as the "Centers", unless the context requires otherwise.

The Company is a self-administered and self-managed real estate investment trust ("REIT") and conducts all of its operations through the Operating Partnership and the Company's management companies (collectively, the "Management Companies").

All references to the Company in this Exhibit include the Company, those entities owned or controlled by the Company and predecessors of the Company, unless the context indicates otherwise.

The Company presents certain measures in this Exhibit on a pro rata basis which represents (i) the measure on a consolidated basis, minus the Company's partners' share of the measure from its consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of the measure from its unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that these measures provide useful information to investors regarding its financial condition and/or results of operations because they include the Company's share of the applicable amount from unconsolidated joint ventures and exclude the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and the Company believes that presenting various measures in this manner can help investors better understand the Company's financial condition and/or results of operations after taking into account its economic interest in these joint ventures. Management also uses these measures to evaluate regional property level performance and to make decisions about resource allocations. The Company's economic interest (as distinct from its legal ownership interest) in certain of its joint ventures could fluctuate from time to time and may not wholly align with its legal ownership interests because of provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses, payments of preferred returns and control over major decisions. Additionally, the Company does not control its unconsolidated joint ventures and the presentation of certain items, such as assets, liabilities, revenues and expenses, from these unconsolidated joint ventures does not represent the Company's legal claim to such items.

This document contains information constituting forward-looking statements and includes expectations regarding the Company's future operational results as well as development, redevelopment and expansion activities. Stockholders are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to vary materially from those anticipated, expected or projected. Such factors include, among others, general industry, economic and business conditions, which will, among other things, affect demand for retail space or retail goods, availability and creditworthiness of current and prospective tenants, anchor or tenant bankruptcies, closures, mergers or consolidations, lease rates, terms and payments, interest rate fluctuations, availability, terms and cost of financing, operating expenses, and competition; adverse changes in the real estate markets, including the liquidity of real estate investments; and risks of real estate development, redevelopment, and expansion, including availability, terms and cost of financing, construction delays, environmental and safety requirements, budget overruns, sunk costs and lease-up; the inability to obtain,

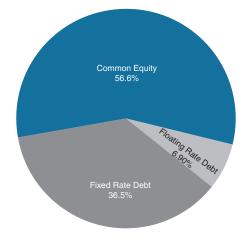

or delays in obtaining, all necessary zoning, land-use, building, and occupancy and other required governmental permits and authorizations; and governmental actions and initiatives (including legislative and regulatory changes) as well as terrorist activities or other acts of violence which could adversely affect all of the above factors. Furthermore, occupancy rates and rents at a newly completed property may not be sufficient to make the property profitable. The reader is directed to the Company's various filings with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the year ended December 31, 2016, for a discussion of such risks and uncertainties, which discussion is incorporated herein by reference. The Company does not intend, and undertakes no obligation, to update any forward-looking information to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events unless required by law to do so.

The Macerich Company Sales Per Square Foot by Property Ranking (Unaudited)

The Macerich Company Notes to Sales Per Square Foot by Property Ranking (unaudited)

Footnotes

- Sales are based on reports by retailers leasing mall and freestanding stores for the trailing 12 months for tenants which have occupied such stores for a minimum of 12 months. Sales per square foot are based on tenants 10,000 square feet and under. Properties are ranked by Sales per square foot as of December 31, 2016. (a)
- Occupancy is the percentage of mall and freestanding GLA leased as of the last day of the reporting period. Occupancy excludes Centers under development and redevelopment. e
- Cost of Occupancy represents "Tenant Occupancy Costs" divided by "Tenant Sales". Tenant Occupancy Costs in this calculation are the amounts paid to the Company, including minimum rents, percentage rents and recoverable expenditures, which consist primarily of property operating expenses, real estate taxes and repair and maintenance expenditures. ં છ
 - Management Company revenues and expenses. See the Company's forward-looking statements disclosure on pages 1 and 2 for factors that may affect Estate NOI excludes straight-line and above/below market adjustments to minimum rents. Real Estate NOI also does not reflect REIT expenses and The percentage of Portfolio 2017 Forecast Pro Rata Real Estate NOI is based on the guidance range provided on April 27, 2017, see page 9. Real the information provided in this column. (p)
 - These assets are under redevelopment including demolition and reconfiguration of the Centers and tenant spaces, accordingly the Sales per square foot and Occupancy during the periods of redevelopment are not included. (e)
- On July 30, 2014, the Company formed a joint venture to redevelop and rebrand The Gallery in Philadelphia, Pennsylvania. Ð
 - Properties sold prior to March 31, 2017 are excluded in both current and prior periods above. 60

- (a) The Company's ownership interest in this table reflects its legal ownership interest. See footnotes (a) and (b) on pages 25 and 26 regarding the legal versus economic ownership of joint venture entities.
- (b) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores as of March 31, 2017.
- (c) Portions of the land on which the Center is situated are subject to one or more long-term ground leases. With respect to 43 Centers, the underlying land controlled by the Company is owned in fee entirely by the Company, or, in the case of jointly-owned Centers, by the joint venture property partnership or limited liability company.
- (d) Included in Unconsolidated Joint Venture Centers.
- (e) Included in Consolidated Centers.
- (f) The Company owns an office building and seven stores located at shopping centers not owned by the Company. Of the seven stores, two are leased to Forever 21, one is leased to Kohl's, one is vacant, and three have been leased for non-Anchor uses. With respect to the office building and four of the seven stores, the underlying land is owned in fee entirely by the Company. With respect to the remaining three stores, the underlying land is owned by third parties and leased to the Company pursuant to long-term building or ground leases.

(a) This column reflects the Company's legal ownership in the listed properties as of March 31, 2017. Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company's joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.

The Macerich Company Joint Venture List

- (b) Economic ownership represents the allocation of cash flow to the Company as of March 31, 2017, except as noted below. In cases where the Company receives a current cash distribution greater than its legal ownership percentage due to a capital account greater than its legal ownership percentage, only the legal ownership percentage is shown in this column. The Company's economic ownership of these properties may fluctuate based on a number of factors, including mortgage refinancings, partnership capital contributions and distributions, and proceeds and gains or losses from asset sales, and the matters set forth in the preceding paragraph.
- (c) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores as of March 31, 2017.
- (d) The joint venture entity was formed in September 2009. Upon liquidation of the partnership, distributions are made in the following order: to the third-party partner until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; to the Company until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; and, thereafter, pro rata 35% to the third-party partner and 65% to the Company.
- (e) Columns 1 and 2 reflect the Company's indirect ownership interest in the property owner. The Company and a third-party partner are each members of a joint venture (the "MW Joint Venture") which, in turn, is a member in the joint venture that owns the property. Cash flow distributions for the MW Joint Venture are made in accordance with the members' relative capital accounts until the members have received distributions equal to their capital accounts, and thereafter in accordance with the members' relative legal ownership percentages.
- (f) Columns 1 and 2 reflect the Company's total direct and indirect ownership interest in the property owner. The Company and a third-party partner are each members of a joint venture (the "MW Joint Venture") which, in turn, is a member in the joint venture with the Company that owns the property. Cash flow distributions for the MW Joint Venture are made in accordance with the members' relative capital accounts until the members have received distributions equal to their capital accounts, and thereafter in accordance with the members' relative legal ownership percentages.
- (g) On April 30, 2015 Sears Holdings Corporation ("Sears") and the Company announced that they had formed a joint venture, MS Portfolio LLC. Sears contributed nine stores (located at Arrowhead Towne Center, Chandler Fashion Center, Danbury Fair Mall, Deptford Mall, Freehold Raceway Mall, Los Cerritos Center, South Plains Mall, Vintage Faire Mall and Washington Square) to the joint venture and the Company contributed \$150 million in cash to the joint venture. The lease arrangements between Sears and the joint venture provide the ability to create additional value through recapturing certain space leased to Sears in these properties and re-leasing that space to third-party tenants. For example, Primark has leased space in portions of the Sears stores at Danbury Fair Mall and Freehold Raceway Mall. On July 7, 2015, Sears assigned its ownership interest in MS Portfolio LLC to Seritage MS Holdings LLC.

(a) The Company's pro rata share of debt represents (i) consolidated debt, minus the Company's partners' share of the amount from consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of debt from unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that this measure provides useful information to investors regarding the Company's financial condition because it includes the Company's share of debt from unconsolidated joint ventures and, for consolidated debt, excludes the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and presenting its pro rata share of debt in this manner can help investors better understand the Company's financial condition after taking into account the Company's economic interest in these joint ventures. The Company's pro rata share of debt should not be considered as a substitute to the Company's total debt determined in accordance with GAAP or any other GAAP financial measures and should only be considered together with and as a supplement to the Company's financial information prepared in accordance with GAAP.

- (a) The debt balances include the unamortized debt premiums/discounts and loan finance costs. Debt premiums/ discounts represent the excess of the fair value of debt over the principal value of debt assumed in various acquisitions. Debt premiums/discounts and loan finance costs are amortized into interest expense over the remaining term of the related debt in a manner that approximates the effective interest method. The annual interest rate in the table represents the effective interest rate, including the debt premiums/discounts and loan finance costs.
- (b) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 50.1%.
- (c) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 84.9%.
- (d) This property is owned by a consolidated joint venture. The above debt balance represents the Company's pro rata share of 50.0%.
- (e) The maturity date assumes that all available extension options are fully exercised and that the Company and/ or its affiliates do not opt to refinance the debt prior to these dates.

Much of this information is estimated and may change from time to time. See the Company's forward-looking disclosure on pages 1 and 2 for factors that may affect the information provided in this table. This excludes GAAP allocations of non cash and indirect costs. (a)

Stabilized Yield is calculated based on stabilized income after development divided by project direct costs excluding GAAP allocations of non cash and indirect costs. This reflects incremental project costs and income subsequent to the Company's \$106.8 million investment in July 2014. Total Costs are net of \$25 million of approved public ece

financing grants that will be a reduction of costs. The Sears former annual rent. The yield would increase to 8% without including any

offsetting rent impact from Sears. (e)

This section includes potential developments or redevelopments that the Company is considering. The scope of these projects may change. There is no certainty that the Company will develop or redevelop any or all of these potential projects. Ð
