The Macerich Company
Executive Summary
September 30, 2021

We own 49 million square feet of real estate consisting primarily of interests in 45 regional town centers. We specialize in successful retail properties in many of the country's most attractive, densely populated markets with a significant presence on the West Coast, and in Arizona and the Metro New York to Washington, DC corridor. We are a recognized leader in sustainability and have achieved the #1 GRESB ranking in the North American Retail Sector for seven straight years (2015 – 2021).

General Updates:

Tenant sales and property traffic momentum that propelled our properties through the spring has carried through the summer. Despite the COVID-19 case rate surges from the Delta variant, customer traffic returned to pre-COVID levels in mid-summer and tenant sales continued to trend significantly upward in aggregate. Following a robust second quarter of 2021 in which portfolio comparable tenant sales from spaces less than 10,000 square feet were 14% higher than the pre-COVID second quarter of 2019, third quarter sales on the same reporting basis then similarly eclipsed the pre-COVID third quarter of 2019 by 14%.

Portfolio occupancy as of September 30, 2021 showed continued improvement at 90.3%, a 90 basis point increase relative to the 89.4% occupancy rate on June 30, 2021. Over the past six months, portfolio occupancy has now increased 180 basis points relative to the 88.5% portfolio occupancy rate at March 31, 2021. We continue to experience strong demand and breadth of uses within the leasing environment, which we believe will be a prominent internal growth catalyst over the coming years. For the nine months ended September 30, 2021, we have signed 707 leases for approximately 3.0 million square feet, which represents an impressive 26% increase over the same pre-COVID nine month period ended September 30, 2019.

Financial Results for the Quarter:

- Net income attributable to The Macerich Company (the "Company") was $106.7 million or $0.50 per share-diluted for the quarter ended September 30, 2021, compared to net loss attributable to the Company of $22.2 million or $0.15 per share-diluted attributable to the Company for the quarter ended September 30, 2020.
- Funds from Operations ("FFO"), excluding financing expense in connection with Chandler Freehold and loss on extinguishment of debt, was $101.4 million or $0.45 per share-diluted during the third quarter of 2021, compared to $83.4 million or $0.52 per share-diluted for the quarter ended September 30, 2020.
- Same center net operating income ("NOI"), including lease termination income, increased 21.4% in the third quarter of 2021 compared to the third quarter of 2020. Same center NOI, excluding lease termination income, increased 20.6% in the third quarter of 2021 compared to the third quarter of 2020.

The Macerich Company
Executive Summary
September 30, 2021

Operations:

- Portfolio comparable tenant sales from spaces less than 10,000 square feet in the third quarter of 2021 were 14% higher than the pre-COVID third quarter of 2019.
- At Chandler Fashion Center, we recently announced that we are adding Scheel's All Sports in the former Nordstrom location, and we also executed leases with Target at Kings Plaza, a soon-to-be announced fitness anchor at Scottsdale Fashion Square and Pinstripes at Broadway Plaza. We believe that each of these deals will greatly enhance the productivity and diversity of the tenant mix, as well as significantly increase customer traffic.
- Portfolio occupancy was 90.3% on September 30, 2021, a sequential 90 basis point improvement compared to 89.4% on June 30, 2021.
- Average rent per square foot was $62.58 at September 30, 2021, which is a 0.5% increase relative to $62.29 as of September 30, 2020.
- During the third quarter of 2021, we signed 219 leases for approximately 1.1 million square feet (excluding COVID workout deals), which represents a 15% increase compared to the pre-COVID third quarter of 2019.

Redevelopment:

We anticipate development expenditures of approximately $100 million during each of 2021 and 2022, excluding the One Westside project, which is fully funded through a construction loan. Some recent redevelopment highlights include:

- One Westside in Los Angeles, a 584,000 square foot creative office redevelopment, continues on budget with space delivery expected to Google during the fourth quarter of 2021, a few months ahead of schedule.
- We have numerous near-term openings with many exciting and prominent larger-format users, including among others: Scheel's All Sports at Chandler Fashion Center, Target at Kings Plaza, Lifetime Fitness at Broadway Plaza, Pinstripes at Broadway Plaza, Primark at Green Acres Mall and Tysons Corner Center, Whole Foods at Paradise Valley Mall to anchor that mixed-use redevelopment, Crunch Fitness at Deptford Mall in a portion of the former Sears store, Dave & Buster's at Vintage Faire in a portion of the former Sears store, Bob's Discount Furniture at Vintage Faire Mall and X-Lanes at Fresno Fashion Fair. During the third quarter of 2021, Primark opened at Fashion District of Philadelphia, Dior premiered at Scottsdale Fashion Square, Kids Empire debuted at SanTan Village, Ross opened at Pacific View and Shopper's World opened in the former Century 21 location at Green Acres Mall.
- In addition to other projects noted above, we continue to secure entitlements and/or plan transformative projects to redevelop: i) the former Bloomingdale's and Arclight Theater spaces at Santa Monica Place with entertainment and office uses, ii) the former Lord & Taylor parcel at Tysons Corner Center with office and possibly flagship retail uses, iii) the former Sears parcels at both Washington Square and Los Cerritos Center with mixed-use densification expansions, and iv) FlatIron Crossing in Broomfield, Colorado with a multi-phased, mixed-use densification expansion for which we recently secured entitlements in October 2021.

About Macerich and this Document:

The Company is a fully integrated, self-managed and self-administered real estate investment trust ("REIT"), which focuses on the acquisition, leasing, management, development and redevelopment of regional town centers throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, The Macerich Partnership, L.P., a Delaware limited partnership (the "Operating Partnership" or the "OP") and conducts all of its operations through the Operating Partnership and the Company's management companies (collectively, the "Management Companies").

As of September 30, 2021, the Operating Partnership owned or had an ownership interest in 49 million square feet of gross leasable area ("GLA") consisting primarily of interests in 45 regional town centers and five community/power shopping centers. These 50 centers (which include any related office space) are referred to hereinafter as the "Centers" unless the context requires otherwise.

All references to the Company in this document include the Company, those entities owned or controlled by the Company and predecessors of the Company, unless the context indicates otherwise.

The Company presents certain measures in this document on a pro rata basis which represents (i) the measure on a consolidated basis, minus the Company's partners' share of the measure from its consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of the measure from its unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that these measures provide useful information to investors regarding its financial condition and/or results of operations because they include the Company's share of the applicable amount from unconsolidated joint ventures and exclude the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and the Company believes that presenting various measures in this manner can help investors better understand the Company's financial condition and/or results of operations after taking into account its economic interest in these joint ventures. Management also uses these measures to evaluate regional property level performance and to make decisions about resource allocations. The Company's economic interest (as distinct from its legal ownership interest) in certain of its joint ventures could fluctuate from time to time and may not wholly align with its legal ownership interests because of provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses, payments of preferred returns and control over major decisions. Additionally, the Company does not control its unconsolidated joint ventures and the presentation of certain items, such as assets, liabilities, revenues and expenses, from these unconsolidated joint ventures does not represent the Company's legal claim to such items.

THE MACERICH COMPANY
FINANCIAL HIGHLIGHTS
(IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)

(a) The Company accounts for its investment in the Chandler Fashion Center and Freehold Raceway Mall ("Chandler Freehold") joint venture as a financing arrangement. As a result, the Company has included in interest expense (i) a credit of $10,306 and $12,608 to adjust for the change in the fair value of the financing arrangement obligation during the three and nine months ended September 30, 2021, respectively; and a credit of $15,502 and $96,793 to adjust for the change in the fair value of the financing arrangement obligation during the three and nine months ended September 30, 2020, respectively; (ii) distributions of $(985) and $(3,410) to its partner representing the partner's share of net loss for the three and nine months ending September 30, 2021, respectively; and ($398) and $885 to its partner representing the partner's share of net (loss) income for the three and nine months ended September 30, 2020, respectively; and (iii) distributions of $3,583 and $12,583 to its partner in excess of the partner's share of net income for the three and nine months ended September 30, 2021, respectively; and $398 and $3,356 to its partner in excess of the partner's share of net income for the three and nine months ended September 30, 2020, respectively.

(b) The Operating Partnership has operating partnership units ("OP units"). OP units can be converted into shares of Company common stock. Conversion of the OP units not owned by the Company has been assumed for purposes of calculating FFO per share and the weighted average number of shares outstanding. The computation of average shares for FFO—diluted includes the effect of share and unit-based compensation plans, stock warrants and convertible senior notes using the treasury stock method. It also assumes conversion of MACWH, LP preferred and common units to the extent they are dilutive to the calculation.

(c) The Company uses FFO in addition to net income to report its operating and financial results and considers FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to Generally Accepted Accounting Principles ("GAAP") measures. The National Association of Real Estate Investment Trusts ("Nareit") defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis.

The Company accounts for its joint venture in Chandler Freehold as a financing arrangement. In connection with this treatment, the Company recognizes financing expense on (i) the changes in fair value of the financing arrangement, (ii) any payments to such joint venture partner equal to their pro rata share of net income and (iii) any payments to such joint venture partner less than or in excess of their pro rata share of net income. The Company excludes the noted expenses related to the changes in fair value and for the payments to such joint venture partner less than or in excess of their pro rata share of net income.

The Company also presents FFO excluding financing expense in connection with Chandler Freehold and loss on extinguishment of debt.

FFO and FFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as the Company believes real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. The Company believes that such a presentation also provides investors with a more meaningful measure of its operating results in comparison to the operating results of other REITs. In addition, the Company believes that FFO excluding financing expense in connection with Chandler Freehold and non-routine costs associated with extinguishment of debt provide useful supplemental information regarding the Company's performance as they show a more meaningful and consistent comparison of the Company's operating performance and allows investors to more easily compare the Company's results. The Company believes that FFO on a diluted basis is a measure investors find most useful in measuring the dilutive impact of convertible securities.

(IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)

The Company further believes that FFO does not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income (loss) as defined by GAAP, and is not indicative of cash available to fund all cash flow needs. The Company also cautions that FFO as presented, may not be comparable to similarly titled measures reported by other REITs.

(d) Adjusted EBITDA represents earnings before interest, income taxes, depreciation, amortization, noncontrolling interests in the OP, extraordinary items, loss (gain) on remeasurement, sale or write down of assets, loss (gain) on extinguishment of debt and preferred dividends and includes joint ventures at their pro rata share. Management considers Adjusted EBITDA to be an appropriate supplemental measure to net income because it helps investors understand the ability of the Company to incur and service debt and make capital expenditures. The Company believes that Adjusted EBITDA should not be construed as an alternative to operating income as an indicator of the Company’s operating performance, or to cash flows from operating activities (as determined in accordance with GAAP) or as a measure of liquidity. The Company also cautions that Adjusted EBITDA, as presented, may not be comparable to similarly titled measurements reported by other companies.

(e) The Company presents Same Center NOI because the Company believes it is useful for investors to evaluate the operating performance of comparable centers. Same Center NOI is calculated using total Adjusted EBITDA and eliminating the impact of the Management Companies’ revenues and operating expenses, leasing expenses (including joint ventures at pro rata), the Company’s REIT general and administrative expenses and the straight-line and above/below market adjustments to minimum rents and subtracting out NOI from non-Same Centers. The Company also presents Same Center NOI, excluding lease termination income, as the Company believes that it is useful for investors to evaluate operating performance without the impact of lease termination income.

(c) Portions of the land on which the Center is situated are subject to one or more long-term ground leases.

(d) Included in Unconsolidated Joint Venture Centers.

(e) Included in Consolidated Centers.

(f) The Company owns an office building and four stores located at shopping centers not owned by the Company. Of the four stores, one is leased to Kohl's, and three have been leased for non-Anchor uses. With respect to the remaining two stores, the underlying land is owned by third parties and leased to the Company pursuant to long-term building or ground leases.

(g) Construction is underway to convert former regional town center Westside Pavilion, which closed in January 2019, into an approximately 584,000 square foot Class A creative office campus called One Westside leased solely to Google, while maintaining approximately 96,000 square feet of adjacent entertainment and retail space at 10850 Pico Boulevard.

(a) This column reflects the Company’s legal ownership in the listed properties as of September 30, 2021. Legal ownership may, at times, not equal the Company’s economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company’s actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company’s joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.

(b) Economic ownership represents the allocation of cash flow to the Company as of September 30, 2021, except as noted below. In cases where the Company receives a current cash distribution greater than its legal ownership percentage due to a capital account greater than its legal ownership percentage, only the legal ownership percentage is shown in this column. The Company's economic ownership of these properties may fluctuate based on a number of factors, including mortgage refinancings, partnership capital contributions and distributions, and proceeds and gains or losses from asset sales, and the matters set forth in the preceding paragraph.

(c) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores as of September 30, 2021.

(d) These centers have a former Sears store which is owned by MS Portfolio LLC, see footnote (i) below. The GLA of the former Sears store, or tenant replacing the former Sears store, at the five centers indicated with footnote (d) in the table above is included in Total GLA at the center level. The GLA for the former Sears store at these five centers plus the GLA of the former Sears store at two wholly owned centers, Danbury Fair Mall and Vintage Faire Mall, are also aggregated into the 795,000 square feet in the MS Portfolio LLC above.

(e) The joint venture entity was formed in September 2009. Upon liquidation of the partnership, distributions are made in the following order: to the third-party partner until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; to the Company until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; and, thereafter, pro rata 35% to the third-party partner and 65% to the Company.

(f) On December 10, 2020, the Company made a loan (the Partnership Loan) to the 50/50 joint venture that owns Fashion District Philadelphia to fund the entirety of a $100 million repayment to reduce the mortgage loan on Fashion District Philadelphia from $301 million to $201 million. Pursuant to the joint venture partnership agreement, the Partnership Loan plus 15% accrued interest must first be repaid prior to the resumption of 50/50 cash distributions to the Company and its joint venture partner. The principal balance of the Partnership Loan at September 30, 2021 was $110.0 million.

(g) Construction is underway to convert former regional town center Westside Pavilion, which closed in January 2019, into an approximately 584,000 square foot Class A creative office campus called One Westside leased solely to Google, while maintaining approximately 96,000 square feet of adjacent entertainment and retail space at 10850 Pico Boulevard. The Company contributed the existing buildings and land valued at $190.0 million to the joint venture on August 31, 2018. Refer to the Development Pipeline Forecast on page 33 for more details.

(h) On March 29, 2021, the Company sold the former Paradise Valley Mall for $100 million to a newly formed joint venture and retained a 5% joint venture interest. Construction started in Summer 2021 on the first phase of a multi-phase, multi-year project to convert this former regional town center Paradise Valley Mall into a mixed-use development with high-end grocery, restaurants, multi-family residences, offices, retail shops and other elements on the 92-acre site. The existing Costco and JC Penney stores currently remain open, while all of the other stores at the property have closed.

(i) On April 30, 2015, Sears Holdings Corporation ("Sears") and the Company announced that they had formed a joint venture, MS Portfolio LLC. Sears contributed nine stores (located at Arrowhead Towne Center, Chandler Fashion Center, Danbury Fair Mall, Deptford Mall, Freehold Raceway Mall, Los Cerritos Center, South Plains Mall, Vintage Faire Mall and Washington Square) to the joint venture and the Company contributed $150 million in cash to the joint venture. On July 7, 2015, Sears assigned its ownership interest in MS Portfolio LLC to Seritage MS Holdings LLC. On December 31, 2020, the Company traded its 50% interest in the former Sears parcel at Arrowhead Towne Center for its partner's 50% interest in the former Sears parcel at South Plains Mall, such that the Company now owns 100% of the former Sears parcel at South Plains Mall. The Company expects to create additional value through re-leasing the former Sears boxes. For example, Primark has leased space in portions of the Sears stores at Danbury Fair Mall and Freehold Raceway Mall. Refer to the Development Pipeline Forecast on page 34 for details of the Former Sears Redevelopments at these properties.

(a) The Company's pro rata share of debt represents (i) consolidated debt, minus the Company's partners' share of the amount from consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of debt from unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that this measure provides useful information to investors regarding the Company's financial condition because it includes the Company's share of debt from unconsolidated joint ventures and, for consolidated debt, excludes the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and presenting its pro rata share of debt in this manner can help investors better understand the Company's financial condition after taking into account the Company's economic interest in these joint ventures. The Company's pro rata share of debt should not be considered as a substitute to the Company's total debt determined in accordance with GAAP or any other GAAP financial measures and should only be considered together with and as a supplement to the Company's financial information prepared in accordance with GAAP.

(a) The debt balances include the unamortized debt premiums/discounts and loan finance costs. Debt premiums/discounts represent the excess of the fair value of debt over the principal value of debt assumed in various acquisitions. Debt premiums/discounts and loan finance costs are amortized into interest expense over the remaining term of the related debt in a manner that approximates the effective interest method. The annual interest rate in the table represents the effective interest rate, including the debt premiums/discounts and loan finance costs.

The Company did not renew the swaps that expired on September 30, 2021 and as of October 1, 2021, this loan is now floating with an effective rate of 1.81%.
